**Carry a gun

dragging it

looks silly**

"I can't  
thank  
Bennett  
enough. I  
have taken  
many of  
his  
classes.  
CCW,

Force on Force, Law. He is always  
informative but not in a snooty way. My son  
Zach has always admired Bennett and his  
knowledge. Bennett thank you for giving me  
amazing instruction and mentorship for  
Zach. Zachary expresses when I asked why  
he looked up to Bennett. His response "He  
seems like a good guy". Bennett you are a  
Good Guy. So thank you." -Blake Austin

**Concealed Carry Classes** are one day classes, generally the 4th Saturday of each month starting at 10am (in the Bear Arms classroom) until approximately 6pm. There is NO shooting the day of class. Do not bring your gun or ammo to class. Qualifications are done in advance and by appointment only.

**FIRST:** When you are ready to sign up for the class call Bennett to make an appointment to qualify. You can choose to qualify at Bear Arms or at Bennett's private tactical outdoor range in Rosman.

**SECOND:** You will fire 40 rounds at a silhouette target for qualification from 3, 5 and 7 yards. You must hit the target 28 out of 40 times. You can choose any type or caliber handgun as long as you can hit the target 5 times in 5 seconds. The gun will be in your hand. There is no holster needed. If you come up to Rosman, bring some extra ammo and you can try out the tactical ranges at no extra charge.

**THIRD:** Class day is the 4th Saturday of the month. We start at 10 sharp and go until about 6pm. (Be prepared to stay a little late in case the class runs long. I want to make sure everyone's questions are answered.) You get your certificate at the end of class.

**LUNCH AND BREAKS:** Students are free to eat and drink at any time during the class; coffee, water, soft drinks and limited snacks are available for purchase at the range. Bring your own lunch or you will have just enough time to go pick up food and come straight back. We usually break from 1pm-1:30pm.

**FOURTH:** Make an appointment at your local sheriff department for fingerprints and to turn in your application and pay them.

How much does it cost? Price includes class, range time, eye and ear protection. You need to bring a handgun and 40 rounds of ammo or you can rent one at an additional charge. Ammo is also available for sale at the range.

While other instructors may charge less, there is no better value than Bennett Greenberg's concealed carry class.

Class is \$100 and you get all this too:

- ✓ When you qualify you get private instruction (up to a \$50 value)
- ✓ If you qual in Rosman you can try the tactical/steel range at no additional cost (up to a \$50 value)
- ✓ Force on Force and shoot no shoot scenarios (\$25 value)
- ✓ Half price for computerized shooter evaluation (\$50 value)
- ✓ One time discount for tactical training in Rosman (\$25 value)
- ✓ \$15 off the Sunday advanced law class
- ✓ You can retake the class as many times as you want at no charge (priceless).

If you cannot attend a class you have registered for, please notify Bennett ASAP. You may reschedule a class if you give notice at least 24 hours in advance of the class date, but no refund is issued once a class is paid for. Private or weekday CCH classes for 6 or more students can be arranged as well.

I guarantee to make you a better shooter

## BUT WAIT THERE'S MORE

On Sunday, from 2-6pm following the concealed class on Saturday, I offer an advanced legal class on the rules of Justified Self-Defense. You must have taken a concealed class prior to this advance class since most of this will be NEW information not covered in any CC class. My CC class has 3 hours on the law in NC. As required by the state, it deals mostly with laws governing deadly force but does not touch upon what happens after you use a gun. That is why this class is crucial in your self-defense strategy. If you don't feel you got worthwhile, useful information to help you in a legal situation if you ever have to use your firearm, this class has my money back satisfaction guarantee. Promotional pricing for this advanced class is \$75 (for a limited time). If you took your CC class with me, if you are LEO, Fire, First responder, Military then the price is \$60. Classes will be capped at 12 people per class, first come first seated.

Learn the ins and outs of the legal system before you need it. You carry a gun to protect yourself from criminals and other dangers,

know the law to protect yourself from the legal system.

**Building a legal self-defense strategy or secrets the prosecutors don't want you to know**

"The legal self-defense strategy class is a fantastic course, and well worth the investment of money and time."
