## Something is happening!

Once again were expanding ourselves so that we can reach all of our audiences. While doing a bit of research we found out that some of you like to listen as well as watch, later in 2018-2019. Diva T.E.E Media will sign on to introduce our new platform.

### Who will the podcast be for?

For local artist, music labels and local/nationwide business.

### When will the change happen?
