SERVICE	DESCRIPTION
3D Showcase	A 3D Showcase allows potential buyers to walk through your listings from the comfort of their own home by utilizing an interactive 3D Model
CoreVR experience	Included with the purchase of a 3D showcase OPTX enables you to view your space in virtual reality using a compatible VR headset (Oculus Rift, HTC Vive, Samsung Gear VR, Cardboard, Google Daydream View)
Floor Plans	OPTX will generate a black and white 2D schematic floor plan of your space which includes dimensions
Mattertag Posts	Mattertag Posts create a way to give context to spaces and describe features of the Space, like Stainless-Steel appliances or granite countertops. This turns Spaces into a powerful tool for communicating with remote stakeholders, property buyers, prospective lessees, or global audiences.
Guided Video Tour	For the less tech savvy that just want to click a play button this is your best choice!
Drone Services	Ariel photos, videography
