Breeder offers a short term guarantee to allow buyer to assure themselves a healthy pet.

This agreement requires the buyer to have the puppy vet-checked within two (2) full business days after purchase and delivery of puppy.

Breeder will refund money or replace puppy if puppy does not pass vet check provided that the breeder is contacted immediately (within 24 hours) after the exam by the veterinarian and this puppy is promptly returned to breeder at the expense of the buyer.

Failure to have vet check done voids the health guarantee stated in this contract.

Breeder further offers a 2 year guarantee against any life threatening genetic condition.

If, in the unlikely event a genetic condition is found during the period of guarantee the dog must be returned immediately to breeder with registration papers and a diagnosis from the vet.

Upon verification from breeders vet that the dog does have said genetic defect, another puppy will be offered in replacement.

There will be no monetary reimbursements for veterinarian expenses incurred.

*****Under no circumstances is this puppy/dog to be euthanized without the breeders knowledge and consent*****

Breeder will not be responsible for any illness or health problems which are diagnosed after this time period. It is further agreed that the buyer will care for the puppy in a manner recommended by the breeder during the period of guarantee.

Specific exclusions to this guarantee are:

1. Cherry Eyes
2. Non life threatening Navel or inguinal Hernia
3. Grade 1 Heart Murmur
4. Grade 1 Luxating Patella
5. Retained testicles (This pup is sold as a PET, not to be bred)
6. Cosmetic defects not affecting normal health or life.
7. Stenotic Nares (Pinched nostrils)

If the breeders copy of this Health Guarantee / Purchase Agreement contract is not signed and returned to breeder this Guarantee/Sales contract is Null and Void.
