

BILL FRANKLIN CENTER NOTES

Plan to visit center and inventory equipment well in advance. Call the Chamber of Commerce to make an appointment at 325-625-2163. The Chamber is always adding equipment. It is especially important to know how many tables and chairs are available so that others may be borrowed if needed.

1. "WELCOME BLUECATS" banner made by Pat Blake Melrose, '60

- Outside between columns:15"
- Columns are 11' in circumference
- Hanging requires rope going around columns - no other attachment point
- No attachment points above entrance doorway or above doorway into room

2. KITCHEN INVENTORY

- 1 microwave
- 4 ovens
- 1 refrigerator
- sinks
- dishwashers
- no coffee urns previously – ask the Chamber; plan to borrow if not

3. DISPLAYING CLASS MEMORY BOARDS

SCREENS belonging to the Art League were loaned to the reunion the past two events for displaying some of the memory boards in the front, left side meeting room.

Some classes have placed these within the main hall.

Some of the displays will need tables to sit on.

4. MEETING HALL LAYOUT

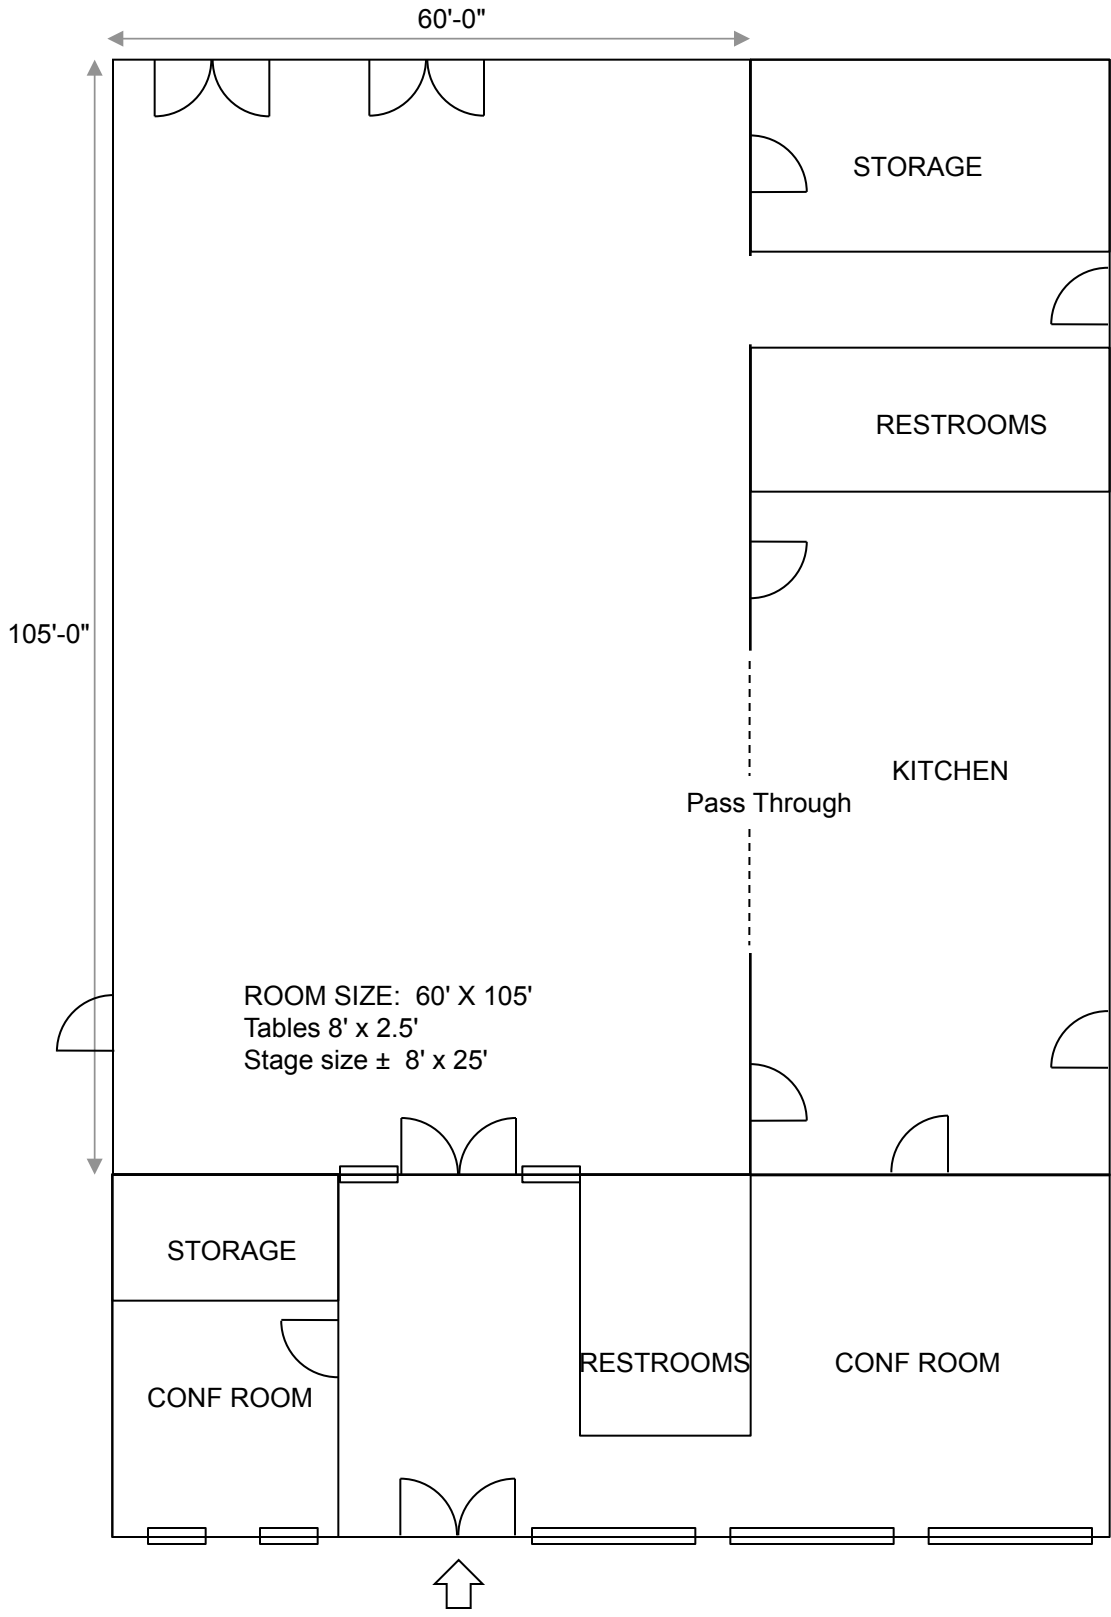

The number of attendees may determine the layout of stage, podium and tables.

5. STAGE

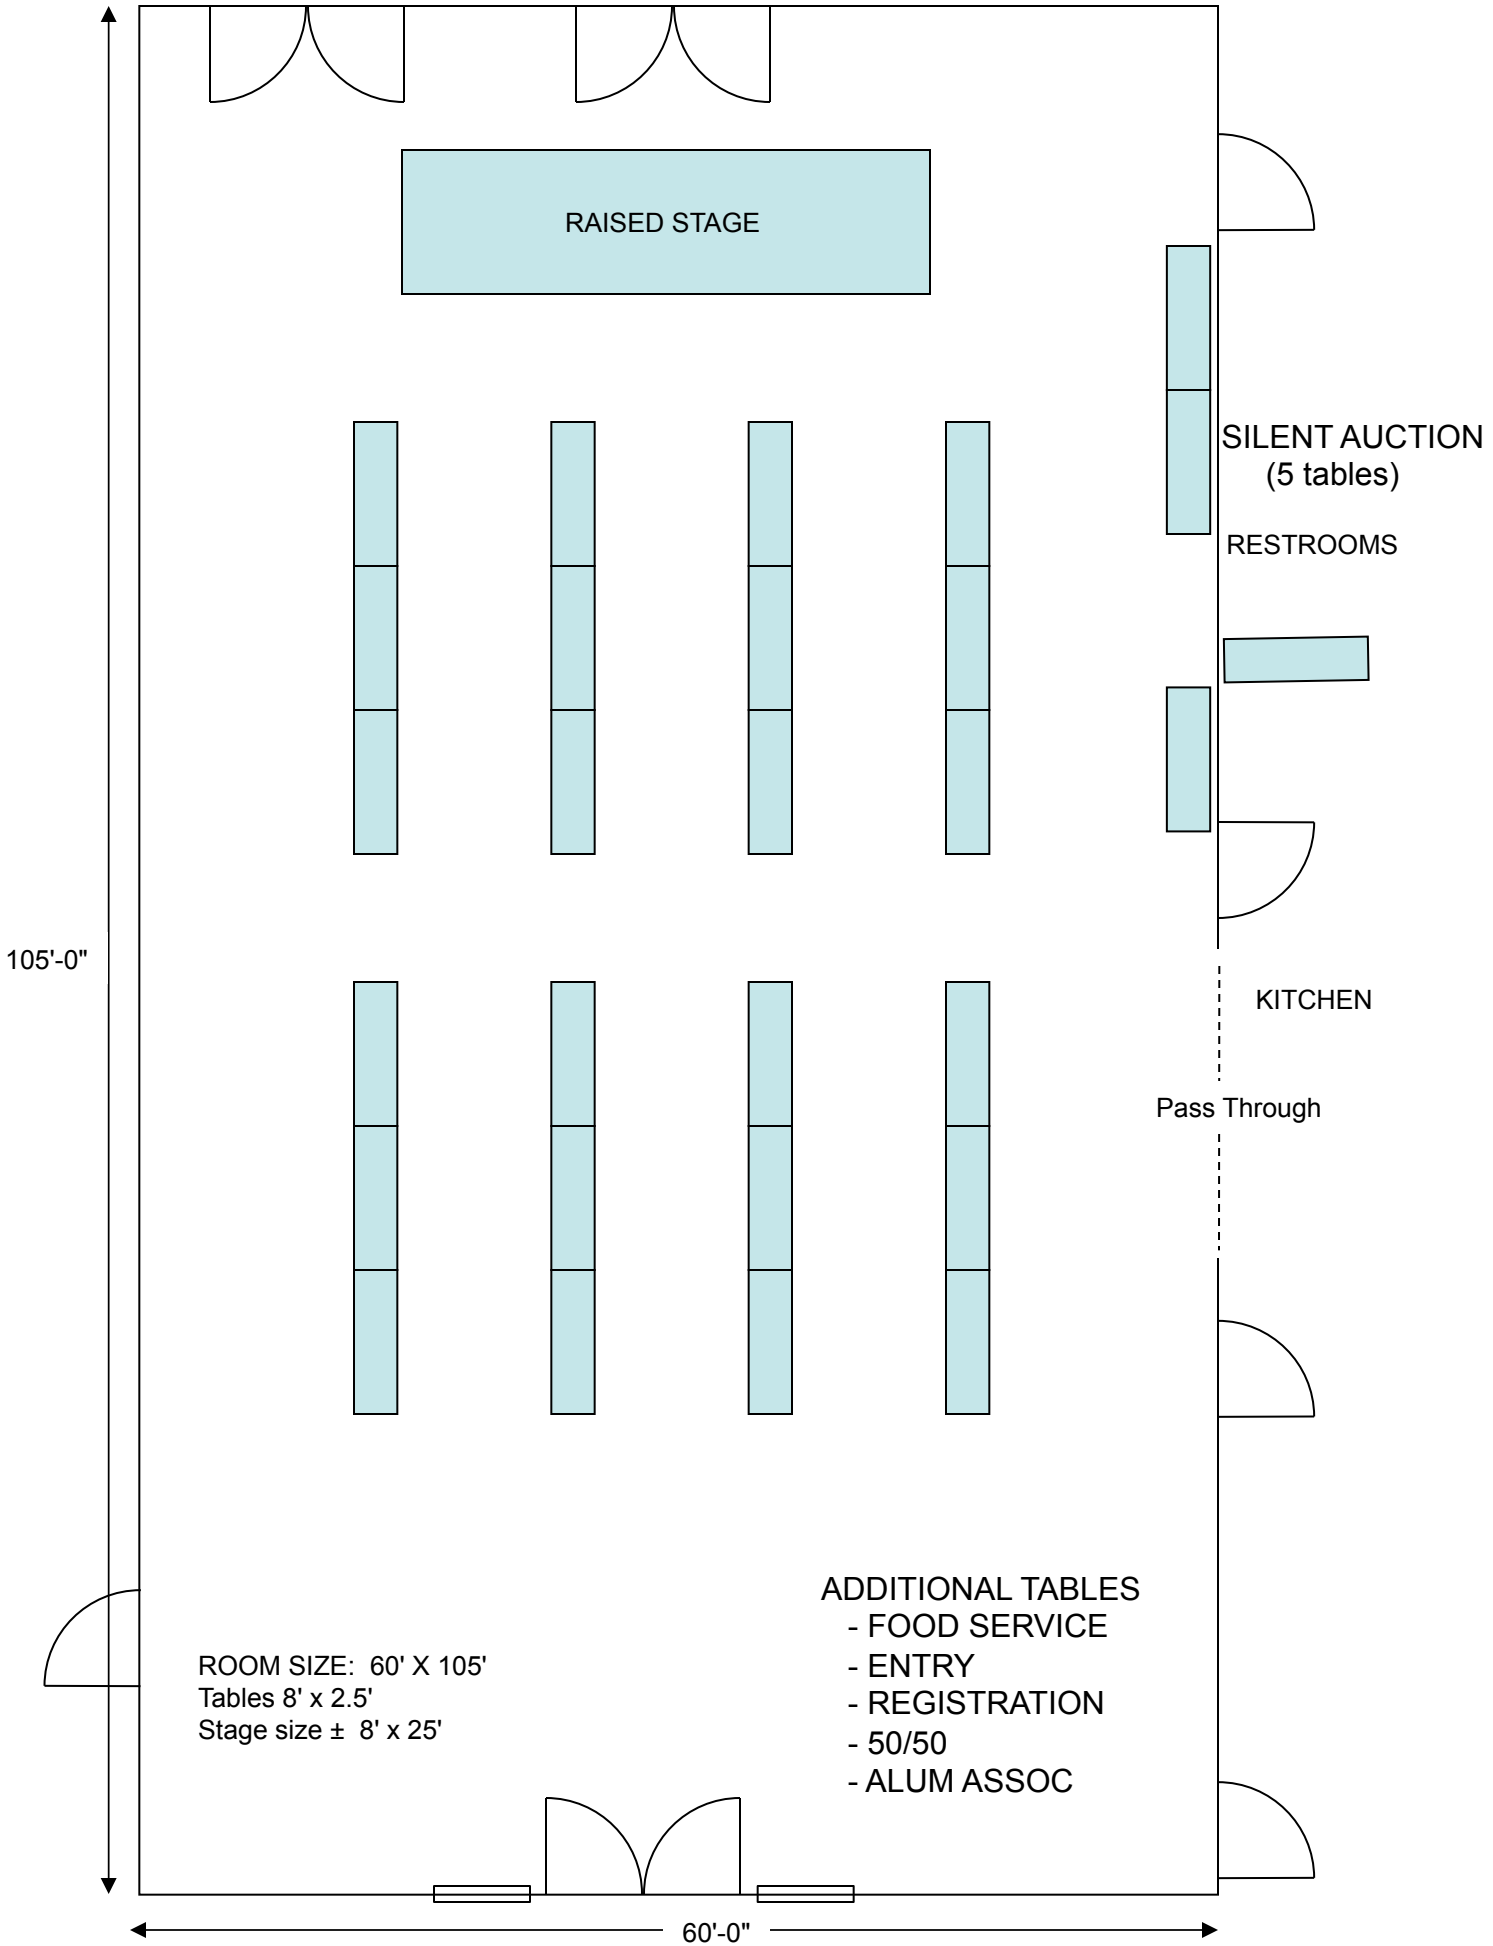

The stage is stored in sections in the rear storage room of the main hall. It has been used some years and not in other years.

6. SOUND SYSTEM

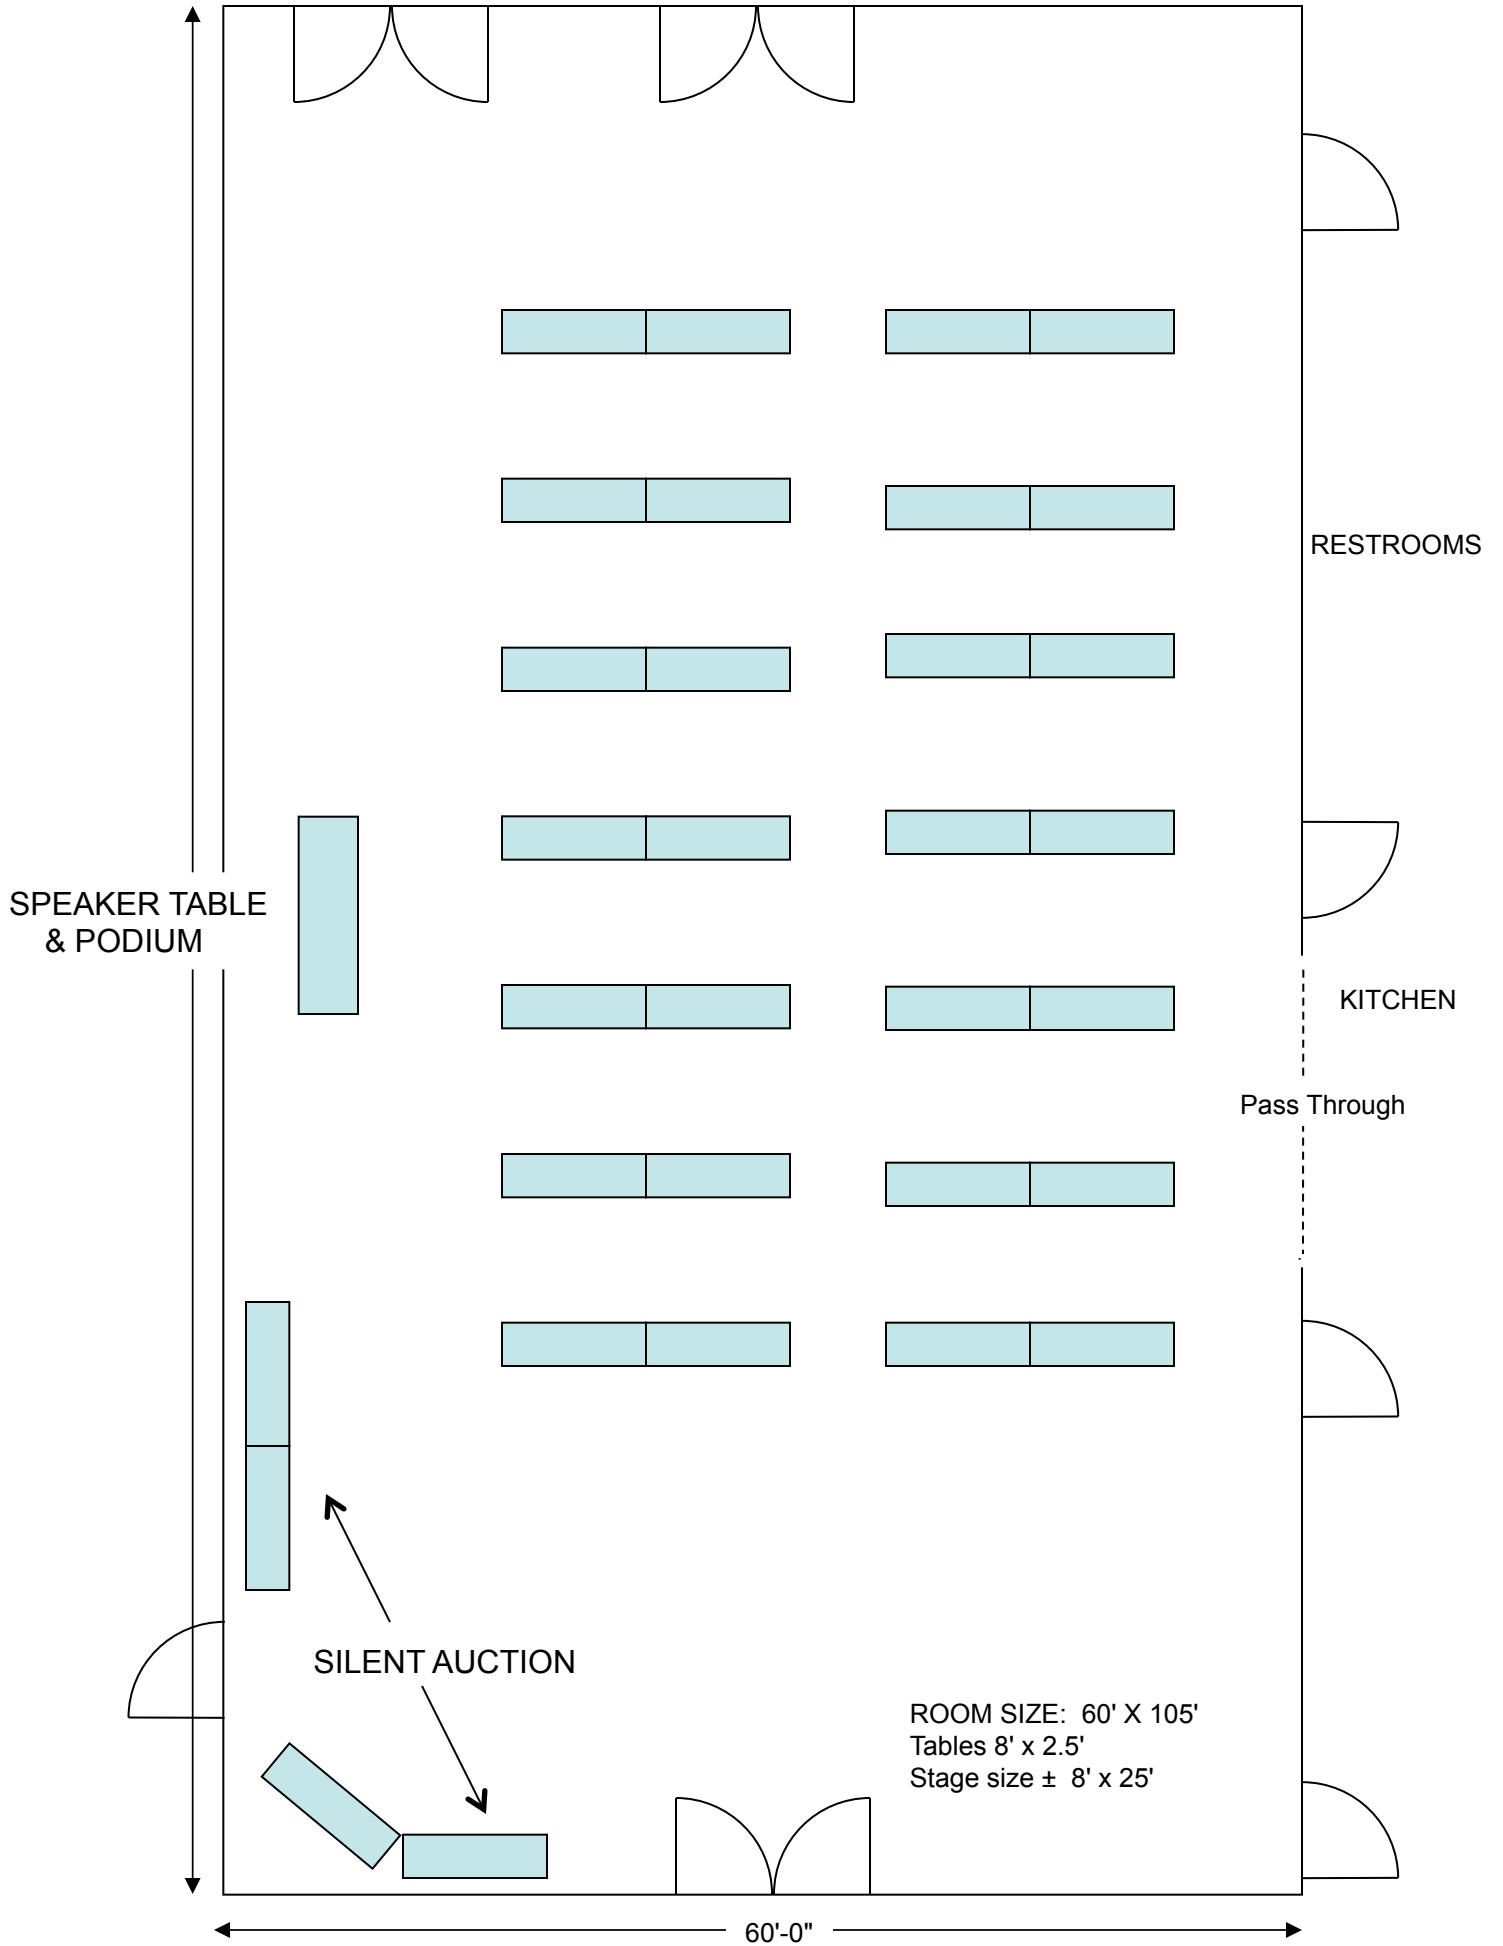

Checking the sound system in advance is very important. The Chamber has a system, but sometimes individuals have provided theirs – mixed results in both cases.
