

Dorm Supply List

Below is a list of recommended items for your student for the dorm. Not all items on this list are required but we feel that this list is a good starting point as you prepare your child for life in the dorm based on our observations over past years. The school does not supply any personal hygiene items, toiletries, bedding, bath items, etc. Though the laundry is free the students are responsible for providing their own laundry soap.

*Dorm rooms are furnished with 2 twin beds (some are XL), dressers, a desk and chair, and closet space. If you are planning on bringing furniture, please call the Dean of Students first as space is limited. We do allow each room to have one refrigerator. Microwaves are available in the dorm lounges. Due to an older electrical system in the girls' dormitory, we **cannot** have coffee makers, ceiling fans, hot plates, and other appliances that may over-load the system. Coffee makers with hot plates, hot plates, and other appliances that pose a fire hazard are not permitted. One power strip (with switch and internal breaker) per room is allowed. Nails may not be used to attach items to the walls in the dorms.*

Please read the student handbook (found online at sunshinebible.org) regarding dress code and electronics policy. Remember that SBA will not take responsibility for lost or stolen items. Parents, please use discernment on what things your student is capable of handling (electronics, valuable items, etc.) while at SBA.
