### INSPIRATIONAL ACTION, INC.

Since 2008, Inspirational Action, Inc. has been working to provide opportunities to those who have overcome adversity in many forms. As a non-profit 501(c)(3) we are able to work from our hearts and change the world from the inside out.

From its start in Anchorage, Alaska in the Fall of 2008 until now, during its expansion into Montana, Inspirational Action plans to continue to influence the future for those involved in our programs.

Because of our volunteers, staff, and board, we have been able to train, educate, and place participants into the workforce and plan to continue this effort for years to come.

In Western Montana, we are introducing pilot programs focused on child abuse prevention, Adverse Childhood Experiences (ACE's) and how this information can benefit the public, awareness and education programs regarding childhood sexual abuse prevention and victim outreach & support.

We owe so much gratitude towards our ongoing supporters who have helped us get this far. We are excited to back the Alaska Disabilities Coalition in every way possible!
