Woody Rapid Cabins *tm*

Our original **Woody Classic** brand solid log cabin kits have been very well received since the product was introduced in 2005 but we have always looked to improve the product. We listen to our customers: Reduce the cost and simplify the building process. We have found that a high percentage of our clients have never built much of anything let alone a log cabin so understanding the log cabin building process gets overwhelming. Our new log cabin offering is ridiculously simple to install. No special tools or construction skills are required.

Introducing: Woody Rapid Cabins *tm*. Our ingenious **Woody Log Building System** *tm* is still the centerpiece of this new cabin product. The big difference is we have designed a “sandwich” method of building the insulated log wall panels. Your cabin looks just the same as our original Woody Classic solid log cabins. Tipping up pre-build log panels makes the cabin install process 50% faster and 100% easier to understand.

The installation time has been cut in half

Woody Rapid Cabins *tm*

An incredible log cabin look outside

Cozy knotty pine look inside

By mixing and matching full log wall panels, window wall panels and door wall panels you can achieve any cabin configuration imaginable. Locate interior rooms as desired from a wide open cabin, multi- bedroom cabin or anything in between.

Lets do a quick cost comparison for 2 identical 24'x24' between our original **Woody Classic solid log cabins** and our newly introduced **Woody Rapid Cabins** *tm* for a 24'x24' 576 sq.ft. cabin.

All materials to “Dry In” the 24'x24' cabin with insulated ceilings and walls, windows, doors, massive 3x12 timber rafters, 7/12 ceiling pitch, interior knotty pine ceilings interior framing for walls, 240 sq.ft. loft. (not included-foundation or the finished shingles or metal roof, installation or delivery)

The original **Woody Classic solid log** cabin- \$46,100

Woody Rapid Cabin- \$33,900

When deciding keep in mind that the installation time for the Woody Rapid Cabin is about ½ that of our original **Woody Classic solid log cabin**. This incredible feature saves you time and big time money. No special expertise or special equipment is required for either model.
