We, at the P.A.C.E. Studio acknowledge every child is different & exceptional. Our job is to assign each child to the level accordingly to their skill and advancement. Age is the last factor taken into consideration. Every child must excel and complete the curriculum for his/her class before moving to the next level, just like a regular school or level system. We do our best to evaluate each child carefully to make sure they are placed in the correct classroom. If you have any questions, please call us or leave us an email. We are happy to help, because every family matters to us. Thank you for dancing with us!
