VAPA District Application

CK McClatchy Visual and Performing Arts Program

CKM Visual and Performing Arts (VAPA) Program is continuing to participate in the SCUSD District Application Process. The goal of this process is to stream line the academy applications district wide. Please note the important dates listed on this flyer as we at CKM VAPA are restricted to district deadlines.

In addition to the application and references required by the district, students applying to be a part of **CKM VAPA must submit a portfolio of their work for consideration**. This portfolio is due at 5pm on January 26th.

Specific portfolio requirements:

Visual Art: 3 to 5 photos of three/five different works of art that explores your talent to date. We would love to see various mediums (paint, sculpture, pencil, etc) but understand limitations.

Performing Art: Please submit a video of your work. The video should be under three minutes in length and display your talent through monologue or scene from a play.

Music: Student musicians are asked to submit a video recording of themselves performing two short etudes or excerpts that demonstrate musicianship and technical facility. Each of the selections should be approximately two minutes in duration. It is recommended that one be slow and lyrical demonstrating the performer's expression and ability to shape a phrase. The other should be quick and technical to display the performer's rhythmic precision, pulse control, and dexterity. Please submit video recordings as an mpeg, m4v, or flv (Flash) video file.

Your portfolio will be submitted electronically directly to **Lenore Devereux (VAPA Application Director)** at lenore-devereux@scusd.edu. If separate arrangements need to be made to submit your portfolio, please contact Mrs. Devereux directly at: lenore-devereux@scusd.edu
