

# Partners In Praise Girls Choir

CELEBRATES 26 YEARS!

**HISTORY OF CHORAL EXCELLENCE!** Formed in 1994 to perform with Donny Osmond in the production of “Joseph and the Amazing Technicolor Dreamcoat” at the Historic State Theatre in Minneapolis. Partners in Praise Girls Choir continued as a high caliber choir performing nationally and Internationally, attracting spirited, highly disciplined, joyous girls, ages 12-18, from the greater Minneapolis and St. Paul communities of Minnesota.

**PIP - JOY, DRIVE & MISSION:** The choir exists to empower young girls to find themselves, their confidence and their potential through singing. The choir is immersed in a stimulating variety of musical styles, with an emphasis on world music. This passion for the exploration of the richness of other cultures has led them to perform on concert stages world-wide - from Australia to France!

The thrill of performance is a reward for working together as a team in a positive social environment.
