

Joint Capabilities Statement

Tilt Up Construction, Inc. 8(a) & SAN Business Consultants LLC

Established in 2007, Tilt Up Construction, Inc. provides a wide range of construction / deconstruction and O&M services to commercial and government clients throughout the Mid-Atlantic Region. Tilt Up Construction is a SBA Approved 8(a) and EDWOSB firm with over thirty (30) years combined experience in construction, field management services, site excavation and restoration, site development, specialty trade construction, tenant improvements and Operations & Maintenance. Tilt Up Construction offers highly experienced personnel uniquely qualified to perform various construction, environmental, demolition and O&M related projects. These professionals are well versed in regulatory issues and have the skills and certifications to successfully complete a wide variety of projects. Tilt Up Construction is a SBA Certified 8(a), SBA Certified Economically Disadvantaged Woman Owned Small Business and multi state and locality certified WBE/DBE/MBE.

Tilt Up Construction has teamed up with SAN Business Consultants LLC, a Maryland based company, in efforts to provide clients with a wider range of experience and technical know how to our portfolio. By bringing together these two firms, we feel that we have a wider range of expertise and capabilities to pursue both larger and more design intense projects, leaving each firm to focus on the services that best match their company's resources and strengths.

For over 20 years, SAN Business Consultants LLC has been a woman owned small business in the field of government contracting and general construction. As a certified woman owned small business, SAN Business Consultants LLC has been responsible for completing turnkey projects in a broad spectrum of fields. SAN Business Consultants is proficient in work ranging from general contracting, renovation, construction, construction management, consulting services, janitorial, elevator maintenance and O&M services.
