

...a dollar for dollar **reduction** in the amount you owe the state government

In 1997, the Arizona legislature passed the Tuition Tax-Credit Law, A.R.S. 43-1089. This allows a taxpayer to make a donation to the Arizona International Academy Scholarship Fund and claim a dollar-for-dollar tax credit on their Arizona State income taxes. With subsequent increases the allowable maximum credit for 2017 is \$2,177 for married taxpayers who file jointly. For individuals filing a single return the maximum amount is \$1089. In addition to this, because AIASF is a 501(c)3 non-profit organization, you may also claim

these donations as charitable gifts on your Federal tax return. This would, in effect, give the taxpayer a total tax benefit greater than the amount actually donated. Please see your tax advisor for specific tax advice. This donation may be made in several installments during the year or in one lump sum amount. AIASF (Arizona International Academy Scholarship Fund) accepts donations by check, money order or credit card.

In terms of social impact, the tax credit has proven to be the most significant educational reform in Arizona

history. Research shows that the most important education a child receives is in elementary and secondary school. In directing your tax-credit dollars toward a child's tuition, you are helping to alleviate our crowded public schools, create greater educational opportunities for all children, promote healthy competition among schools and save the state's precious financial resources. This is a private, voluntary method of funding our schools, and by design, ensures our freedom to match the right school to the right child so everybody wins. Will you join us today?
