The 2021 School Supply Drive will run through July 19, 2021.

It's reported that 87% percent of families in the Indianapolis Public Schools (IPS) system need help with basic school supplies. The mission of Indy BackPack Attack is to collect school supplies to provide children the tools they need to succeed in school. With the help of local organizations and businesses, Indy BackPack Attack has collected more than 6 million school supplies since 1999!

Mandy Emery, co-chair of Indy BackPack Attack stated, "With so many families still working through the repercussions of the pandemic, whether it was a loss of job due to their employer being closed or leaving their job to stay home with children, it's going to be much harder for families to buy the tools essential to help their children be successful in school. Indy BackPack Attack has made it our mission for the last 23 years, to help families in need by donating school supplies to IPS and the Mayor's Sponsored Charter Schools. Please help us again this year by making a monetary donation on line at www.indybackpackattack.org."

To register your business or organization as an official 2021 Indy BackPack Attack collection site, to see a complete list of school supplies needed, to make a tax deductible donation, or for more information, please visit: www.indybackpackattack.org.
