

# **Ray County Library**

## **Microfilm Requests**

### **Informational Research Opportunity**

The Ray County Library offers a unique opportunity for genealogy seekers. We have 100+ rolls of microfilm that contain local information. We are trying to provide services that can help our people reconnect with the past. To help with the demand of microfilm assistance and supplies, we have a fee for these services.

We can be of assistance by offering each individual up to 5 hours of assistance based on an hourly rate of \$15.00. Final findings can be supplied for free via email. Black and White copies are available \$0.20 each. Research information can be picked up for free at the library. If mailing anything exceeding regular standard postage, will be your responsibility.

Here at the Ray County Library we pride ourselves in helping the people of this community. Thank you for your interest in our genealogy resources.
