

# Dino Days

## @ Ray County Library

We started the program making fossils with a sand dough I found at <http://preschoolpowolpackets.blogspot.com/2015/07/dinosaur-fossils-with-sand-dough.html>. We used larger 5 inch dinosaurs to make fossils in the dough. It makes neat looking fossils. I put the fossils in the oven at 170 degrees, for the remainder of the program so they would harden a bit before the end.

Then I read, *Dear Dinosaur* by Nicola O'Byrne. This book is about Max's visit to a museum. But just as he gets to the dinosaur exhibit, it is time for the museum to close. Dinosaur Dora tells Max she can write a letter to the T-rex. Max writes the T-Rex, and the T-Rex writes Max. Finally, Max gets to go back to the museum.

# Dinosaur Books

There are lots of dinosaur books. These are just a few we have at Ray County Library.

# Match the dinosaur to the fossil.

I made these fossils before the program and created a matching game for the program night.

# Hatch A Dinosaur

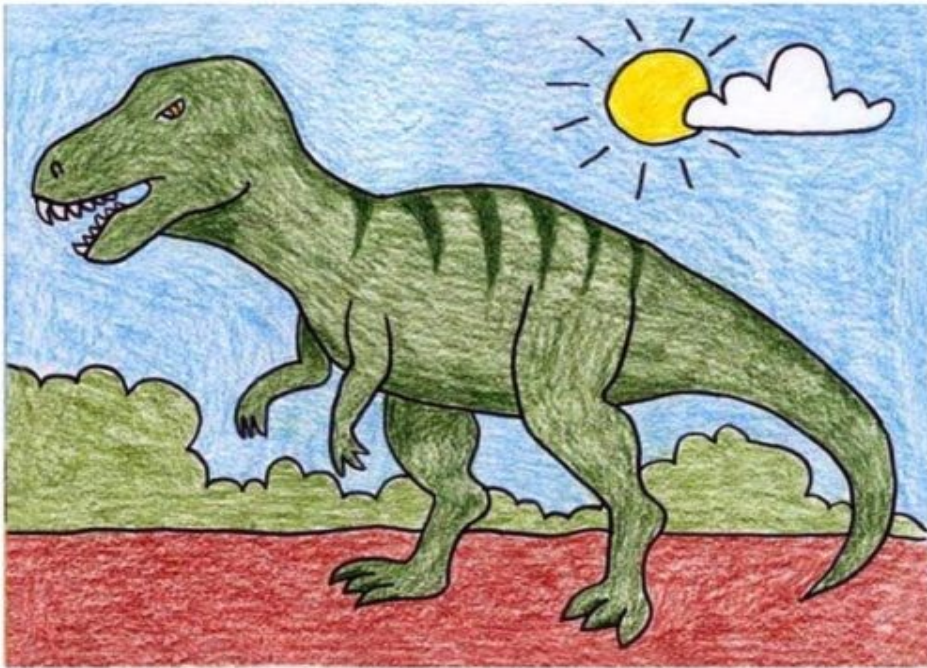

Use vinegar and the dropper to find the dinosaur.

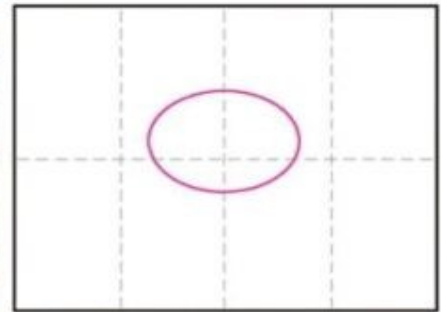

Find the recipe <http://www.growingajeweledrose.com/2013/04/dinosaur-activities-for-kids-eggs.html>

# Draw a T-rex

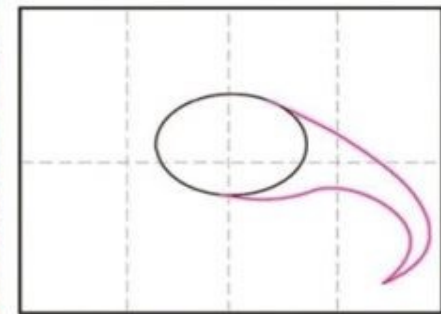

Find more art projects for kids at [artprojectsforkids.org/draw-a-t-rex/](http://artprojectsforkids.org/draw-a-t-rex/)

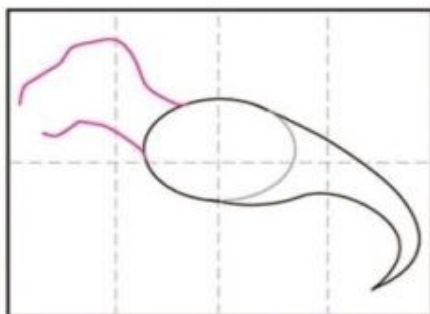

© www.artprojectsforkids.org

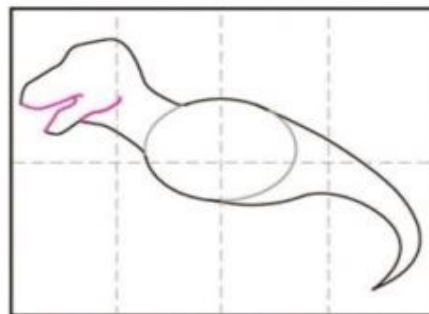

1. Make fold lines. Draw an oval as shown.

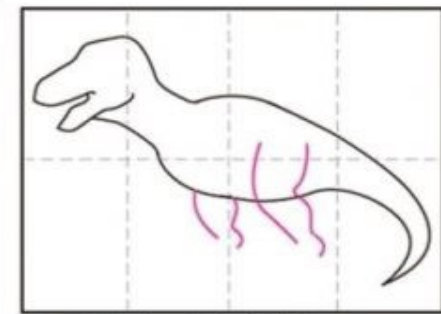

2. Draw the curvy tail on the right.

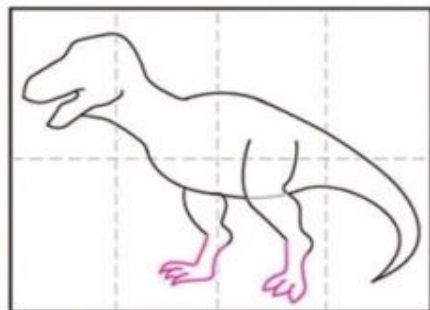

3. Draw the top and bottom of the head.

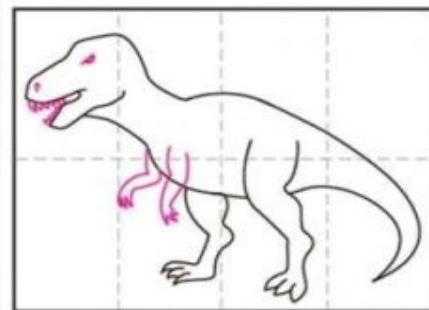

4. Add the mouth. Erase inside oval lines.

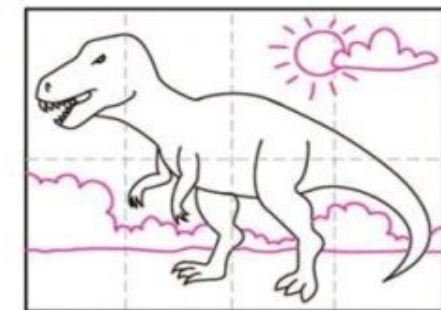

5. Draw the top of the back legs.

6. Add the feet and toes.

7. Draw front arms. Add details to head.

8. Erase inside of arm and add landscape.

Dig and see if you can find any  
dinosaurs.

This seemed to be a favorite activity.

I had planned to have this in an outside area but  
the weather did not cooperate. I put a tarp down  
and clean up was fairly easy.
