

Cooking and Recipes

Cooking:

Find the appropriate PD Cooking Pot. Right click the cooking pot and choose Work. The cooking pot will chat a list of meals and the ingredients needed to cook them.

Click the cooking pot to get the popup menu.

Load Ingredients: place the needed ingredients next to the pot and select this to load them in.

Cook Meal: this will bring up a selection of meals you can cook.

Leave: this unseats you and resets the pot for the next person. Loaded ingredients that have not been used remain in the pot. Wild Game cookpot
