THE WORLD OF BUNNIK TOURS

Welcome to the world of Bunnik Tours!

We're a family company that's passionate about travel, and we'd love to show you our Africa, the 'Bunnik Way'!

In creating our holidays we have two very strong beliefs in mind. The first is that everything we do should, first and foremost, be about the customer experience. And second, that tourism, when done properly, can be an incredible force for good. We therefore have a responsibility to benefit the communities we visit and not ruin the very thing we're coming to see.

With these guiding principles in mind we create small group tours that connect people, places and cultures. In doing so we help to break down barriers, create lifelong memories and, best of all, ensure that the benefits of tourism are enjoyed by all.

Small group sizes ensure our tours are low-impact but also make for a much better holiday experience for the simple fact that everything is easier with a small group - from getting off the bus to having more time with your guide.

Our itineraries are carefully crafted to capture the essence of the countries we visit. We understand that sometimes the best holiday experiences are when you make your own discoveries. For this reason our tours provide the perfect balance between organised sightseeing and free time for independent exploration (where possible) or relaxation.

If you like the sound of our tours we'd love to welcome you to our world.

Happy travels!

Marion, Dennis & Sacha Bunnik

- Maximum Group Size 12**
You'll share your African adventure in an intimate group of just 12 people (maximum). So you'll spend less time waiting for others, have more time with your guide and enjoy better views of the incredible scenery.
- No Hidden Extras**
Our tours offer fantastic value. We include all sightseeing, entry to the national parks and many meals. Our 'optional extras' are based on special-interest activities that don't always appeal to everyone, meaning they're truly optional!
- Expert Guides**
Our expert local guides will help you get the most from your holiday and really capture the essence of the places we visit. In Africa we only use operators who employ professionally accredited guides and trackers trained in animal behaviour and protection.

THE GREAT MIGRATION

One of the world's 10 natural wonders, Africa's amazing wildebeest migration occurs annually from July to November across the vast plains of the Serengeti in Tanzania to the sprawling Maasai Mara in Kenya. As the waterholes dry out, herds of wildebeest, gazelle and zebra must keep moving north in search of food and water. Witness the real circle of life as more than 6 million hooves stampede, crossing crocodile-filled rivers and drawing out lions and other hunters in search of prey. This is a truly special time to visit!

The migration begins with the birth of more than 400,000 wildebeest calves in the rolling plains of the southern Serengeti from January to March. The herds travel south through the Ngorongoro Conservation Area during this time before returning north.

To witness part of the migration, you should plan to be in Tanzania's Ngorongoro Crater from January to March and from mid to late July to early August in the Serengeti. Or visit Kenya's Maasai Mara from mid-August until the summer rains begin in November.

**This map should be used as a guide only. As it is a naturally occurring event the locations and timing may change from year to year.*

CULTURAL SPOTLIGHT

Africa is famous for its incredible wildlife, but there's also a vibrant culture to be found in every region we visit. From the warrior tribes in Kenya's Maasai Mara to the Intore dancers in Rwanda and the unwavering traditions of the Himba people in Namibia, there's a lot to discover!

Along with animals, our itineraries put an emphasis on experiencing cultures, interacting with the locals and visiting rural villages because we believe this helps to benefit the communities and really capture the essence of the places we visit.

LEVEL OF FITNESS

To get the most from your Bunnik Tour you will need a good level of fitness and mobility and an open mind. Travelling through Africa is mainly done by road. A high percentage of roads are not sealed and most tracks within national parks are dirt roads. Some travel days are also very long. Per tour, you will find a list of the different vehicle types used. Most excursions are by 4WD so if you suffer from a back condition we highly recommend that you consult your doctor before booking. If you wear contact lenses we recommend bringing glasses as well, in case of irritation caused by dust.

You should be able to: walk at least 3.5km or 2-3 hours on uneven ground, without a walking aid; climb short, steep hills; be prepared to board small boats; and also carry your own bags as porter services may not always be available.

- ▶ In Uganda the trek to the mountain gorillas can last up to 6 hours, and in Rwanda the trek is approximately 2 hours.
- ▶ In Madagascar your touring includes half- and full-day hikes.
- ▶ In Ethiopia the trekking in the Simien Mountains National Park is done at high altitude.

Passengers who are 70 and over will be required to obtain a doctor's clearance before travelling.

LUGGAGE RESTRICTIONS

Given the limited storage space in light aircraft and safari vehicles, for travel within Africa a **soft bag is required**.

For the following tours, there is also a **maximum weight of 15kg** per person:

- South Africa, Botswana & Kenya
- Kenya & Tanzania
- Tanzania & Rwanda
- Cairo to Zanzibar
- Morocco & Kenya

RESPONSIBLE TOURISM

Bunnik Tours firmly believes that tourism can create understanding between cultures and generate economic and social benefits in the places we visit.

Our small groups are low-impact and don't ruin the very places we go to see.

In Africa we only use professionally accredited guides and expert trackers trained in animal behaviour and protection. Guides undergo rigorous training in ethics and procedures to ensure minimal impact on the environment and the wildlife. They are also required to report any unusual activities.

We only visit national parks and private concessions where animals roam freely in their natural habitat, and we strictly adhere to rules designed to protect the natural environment and prevent human/wildlife conflict.

PERMITS INCLUDED

We don't like added extras, so our tour and independent and extension package prices include entrance to all national parks and reserves. We've also covered the permits for gorilla trekking and chimpanzee habituation, as well as golden monkey and Angola colobus monkey tracking. To give you an idea, a gorilla tracking permits costs approximately US \$1,500 and a chimpanzee permit around US \$250.

A DAY ON SAFARI

Safari is the quintessential African experience. Whether you're spotting lions in the Maasai Mara, watching elephants drink at a waterhole in Chobe National Park, or tracking wildebeest in the Ngorongoro Crater - every day is a new adventure.

➤ An Early Start

We wake up with the sun to beat the heat of the day and witness the wildlife and landscapes bathed in the beautiful morning glow.

Dressed in light, layered clothing and sturdy shoes, and after a quick coffee or tea, we board our safari vehicle. The mornings can still be quite cold so we suggest you also bring a scarf and beanie.

Our safari vehicles are normally 7- or 9-person 4WDs so everyone gets close to the action. For touring in east Africa, our 4WDs travel with only 6 people in each - meaning everyone gets a window seat. In some of the national parks our vehicles are open-top, and in others we're enclosed for protection.

Have your camera and binoculars ready. Our driver and guide are experts and will find the best spots to see a myriad of local wildlife over the next few hours.

➤ Relax & Recharge

After an exciting morning we'll return to the lodge for breakfast. Then it's time to relax, lounge by the pool with a book or explore the grounds.

There's some more time at leisure after lunch (you might want to catch up on sleep after our early morning start).

➤ Evening Excitement

As the sun begins to set, we prepare for our second game drive of the day. Board the safari vehicle for another incredible game drive, this time to capture magnificent wildlife and scenery in the golden hour.

It wouldn't be a trip to Africa without sundowners overlooking the vast savannahs. We'll then return to our lodge and prepare for dinner and an evening under the stars.

HOW WE TRAVEL

Transport in Africa can be an adventure in its own right! We use reputable local operators with well-trained drivers and well-maintained vehicles to navigate the sometimes challenging conditions.

Like all tour companies, we use clean, comfortable touring vehicles but we also like to mix it up because we believe it makes for a better holiday!

THRILLING GAME DRIVES

What's a tour through Africa without a game drive through the stunning national parks that grace this continent? Think Serengeti, Queen Elizabeth, Maasai Mara, Chobe and Kruger and you're on the right track. In these incredible parks you're in for an amazing experience as you spot the Big 5 along with giraffes, hippos and zebra, to name a few!

ON THE WATER

What better way to round out your safari experience in Africa than by getting on the water! See the sights that are not always accessible from land: from wetlands to lakes to rivers we cruise along, spotting hippos, crocodiles, elephants and a fantastic variety of other game and birdlife.

FLY OVER THE OKAVANGO

A scenic flight is by far the best way to appreciate one of the most diverse ecosystems in Africa, the Okavango Delta.

You'll enjoy breathtaking views of the expanded waterways, white claypans and palm-fringed lagoons of the delta, while our expert pilot tracks the movements of game and flies you over the best viewing locations.

WAKE UP HERE...

From eco-lodges and luxury resorts to tented campsites - the accommodation in Africa will be a highlight of your journey. The star ratings range from 3- to 4½-star - but many of the locations are off the chart! Imagine waking up to the sight of giraffes grazing on the new leaf shoots of the mimosa trees, or antelope drinking at the nearby lake's edge. Simply unforgettable!

SAROVA MARA GAME CAMP KENYA

Raised above the rolling plains of the world's most famous wilderness, the Maasai Mara, Sarova Mara Game Camp is set amongst extensive gardens. Spend the night in a luxurious tent, drifting off to sleep listening to the sounds of nature and waking up to spectacular views. It's camping, but not as you know it!

CAMPING IN MOREMI BOTSWANA

A real camping experience in the heart of the Okavango Delta. Enjoy the exceptional company and service of dedicated staff at a temporary campsite in the heart of the reserve, pitched just for your stay. Enjoy a group dinner under the stars then listen to the sounds of the wilds as you drift to sleep.

MFUWE LODGE ZAMBIA

An award-winning safari lodge set within South Luangwa National Park, the Mfuwe Lodge has a special surprise for guests. Every year when the mangoes are ripe (Oct - Dec) a family of wild elephants visits Mfuwe Lodge. Led by its matriarch, Wonky Tusk, the elephants carefully make their way through the lodge's reception area and onto the grounds where the mango tree stands.

IMBALI SAFARI LODGE SOUTH AFRICA

Plush leather sofas, African patterned tapestries and traditional artefacts sit amidst thatched Tsonga roofs and stone columns. Observe and enjoy one of South Africa's most renowned wildlife experiences at Imbali Safari Lodge, nestled discreetly amidst a canopy of trees in iconic Greater Kruger National Park.

Visit a Samburu Village in Kenya

Cheetah, Hoedspruit Endangered Species Centre

"Great mix of animals, culture and scenery. The game drives were my highlight, especially being up close to rhinos, lions and cheetahs. Travelled with a great group of people whom I will keep in contact with. The accommodation was first rate, especially the luxury tented camp at Sibuya."
