# THE WORLD OF BUNNIK TOURS

Welcome to the world of Bunnik Tours!

We're a family company that's passionate about travel, and we'd love to show our Europe, the 'Bunnik Way'!

In creating our holidays we have two very strong beliefs in mind. The first is that everything we do should first and foremost be about the customer experience. And second, that tourism, when done properly, can be an incredible force for good. We therefore have a responsibility to benefit the communities we visit and not ruin the very thing we're coming to see.

With these guiding principles in mind we create small group tours that connect people, places and cultures. In doing so we help to break down barriers, create lifelong memories and, best of all, ensure that the benefits of tourism are enjoyed by all.

Small group sizes ensure our tours are low impact but also make for a much better holiday experience for the simple fact that everything is easier with a small group - from getting off the bus to having more time with your guide.

Our itineraries are carefully crafted to capture the essence of the countries we visit. We understand that sometimes the best holiday experiences are when you wander away from the group and make your own discoveries. For this reason our tours provide the perfect balance between organised sightseeing and free time for independent exploration.

If you like the sound of our tours we'd love to welcome you to our world.

Happy travels!

**Dennis, Marion & Sacha Bunnik**

## THE DIFFERENCE

- Maximum Group Size 20**  
Less time waiting for others, more time with your guide and room to spread out on the coach - smaller groups really do give you a better holiday experience.
- No Hidden Extras**  
Our tours include flights, all sightseeing, many meals and even taxes and tips where appropriate. Our 'optional extras' are based on special-interest activities that don't always appeal to everyone, meaning they're truly optional.
- Unique Itineraries**  
Our itineraries are designed to really capture the essence of the places we visit - both on the tourist trail and off it. Multi-night stops, unique local experiences and free time combine to create amazing journeys.
- Time for Independent Discovery**  
Our tours have the right balance between organised sightseeing and free time to explore or relax.
- Expert Guides**  
Our local guides and tour directors really are experts and will help you get the most from your holiday destination. They're succinct and engaging and will give you just the right amount of information.

# SMALL GROUP TOURING

The benefits of group touring are well known. All the logistics of travel are taken care of, allowing you to sit back and enjoy every moment of your holiday. You'll see more for your money and make great friends along the way.

However there is one downside to traditional coach touring that nobody talks about. That downside is the practicality of travelling in a large group - the waiting for everybody to catch up or just get on or off the bus. The extra time taken to allocate hotel rooms, check-in or order at a restaurant. Then there is being told where to sit on the bus and not getting the chance to have your questions answered because the guide is busy with everybody else. These issues exist on all large group tours, whether they are 3- or 5-star.

It is for this reason that Bunnik Tours pioneered the concept of small group touring. With a small group you still have all the benefits of a group tour but none of the irritations of travelling with a large group. Put simply, smaller groups make for a better holiday experience.

Kremlin, Moscow

## THE BUNNIK WAY

Travelling the Bunnik Way means touring in a small group made up of like-minded people. People who want to connect with the places and cultures they visit. People who share a love and passion for this incredible planet and its inhabitants.

With you in mind, our itineraries include a balance between:

- ▶ All the famous landmarks that you rightly expect to see on a tour
- ▶ Unique local experiences that only small groups can access, and
- ▶ Plenty of time for independent exploration and discovery.

We believe there is no better way to create lifelong memories and really get to the heart of all that a destination has to offer!

# Just some of the reasons why **Smaller is Better**

## LESS TIME WAITING

Getting on and off the coach, hotel check-ins, comfort stops, meals - with a smaller group everything is easier and quicker, giving you more time to enjoy your holiday.

## MORE TIME WITH YOUR GUIDE

Our low guest-to-guide ratio means you'll have more one-on-one time to ask questions and take advantage of your guide's expert local knowledge.

## MORE SPACE ON THE COACH

Our groups are small but our vehicles are not! You'll have plenty of room to spread out in our large coaches with ample spare seats.

## BETTER VIEWS

Being in a small group means you'll get a better view of the places we visit. You won't have to jostle with dozens of fellow travellers to get the best views and photo opportunities.

## GETTING OFF THE TOURIST TRAIL

The logistical challenges of large groups mean that they are restricted to places and experiences that can cater for large numbers. Small groups can get off the beaten track and really experience a destination.

## MORE FUN!

Being in a small group means you get to know your fellow travellers and many of our guests establish lasting friendships on our tours.

## MORE HOTEL CHOICE

Big groups stay in the big hotel chains. We have the flexibility to choose from a wider range of accommodation based on factors such as character, service and location.

## BEING A RESPONSIBLE TOURIST

Bunnik Tours firmly believes that tourism can create understanding between cultures and generate economic and social benefits in the places we visit. Our small tour groups are low-impact and don't ruin the very places we go to see.

"The scenery, tour group and transportation were fabulous. We had great cooperation and interaction with the tour group and the low number (15) made it all very easy. The scenery in Norway, particularly the Telemark High Plains, was breathtaking."

★★★★★ - E Bennett  
(Scandinavian Discovery - July 2016)

Peter & Paul Fortress, St Petersburg

Jökusárlón Lagoon, Iceland

**"We enjoyed the breadth of experiences in two beautiful countries. Spectacular Nordic scenery, variety of transport and special extras like the cider and cheese tastings, whale watching, and the icebergs are special highlights. Matvez's varied commentary brought the culture and history to life. Everything was meticulously organised in a relaxed manner, perfectly suited to our style of travelling."**

**★★★★★ - Ron Walter**  
(Norway & Iceland - June 2016)

# SPECIAL LOCAL EXPERIENCES

A tour through Europe with Bunnik Tours is not just about clocking up countries or ticking off major sights. Of course we'll show you the famous attractions, but by staying an extra day here and there, and moving beyond the regular tourist areas, you'll discover the real essence of the places we visit. Here are just some of the special experiences you can expect on a Bunnik tour:

- ★ **Stop in Cognac to enjoy a tasting at the famous Les Caves Remy Martin** (France in Depth)
- ★ **Visit the local bakery in Omodos and sample their famous haloumi cheese pies after a demonstration** (Greece & Cyprus)
- ★ **Spend the day exploring some of Italy's most photographed coastline at the incredible Cinque Terre** (Italy & France)

## LEVEL OF FITNESS

To get the most from your Bunnik tour, you will need a good level of fitness and mobility and an open mind. Many of the best sights can only be accessed on foot. You should be able to walk at least 3.5km or for 2-3 hours on uneven ground with no walking aids, and climb several flights of stairs. You should also be able to carry your own bags to and from your hotel room if required. Passengers who are 70 and over will be required to obtain a doctor's clearance before travelling.

# WALKING DISCOVERY

Optional Walking Tours

Walking is one of the best ways to really get to the essence of a destination, immerse yourself in local life and culture, and to discover hidden gems that aren't always on the tourist trail. If you're feeling adventurous, we've included some extended walking tours in our itineraries that you can opt to take with your tour guide - just look for the  logo!

# CHOOSING THE RIGHT COMPANY

We think holidays are one of the most important things in life! So, we want to help you choose the right company to travel with. There are a lot of tour companies out there, each catering to a different market and each with its own advantages. Not everyone's needs and priorities are the same - what's important to one person may not be important to another. Aside from checking that the itinerary covers the places you want to visit and sights you want to see, there are a few other things you may want to consider. To make the job of comparing a little easier, we've prepared the comparison chart below. We hope it will help you choose the right tour company to meet your needs. And of course, if a Bunnik tour is right for you, we'd love to show you our Europe!

"Originally from Holland, I feel completely at home in Europe."

Our tours are designed to get to the essence of the different countries we visit. We see all the major sights, soak up the rich history, meet local people, enjoy some of the regional delicacies, and above all, we have a lot of fun!"

# SIZE MATTERS!

Does size really matter? When it comes to coach touring, absolutely! Many coach tours will continue selling until the coach is full. This can mean all 49 seats are taken which leaves fewer chances to access window seats and plenty of bottlenecks when it comes to getting on and off the bus. We keep spare seats on our coaches so that even if our tour is full with 20 people there are still plenty of seats to choose from and greater access to the views - no matter what side of the bus they happen to be on!

# HOW WE TRAVEL

Like all tour companies, we have clean, comfortable, air-conditioned coaches. Our small group policy means there are always plenty of empty seats. Where we differ is that we offer much more than just coaches. We like to mix it up because we believe it makes for a better holiday. After all, anybody can give you a coach tour. For us it's all about the experience!

**TRAIN**

Trains are an easy and relaxing way to travel in Europe, and a great way to see some of Europe's most scenic countryside. Whether it's the world-renowned Flåm Railway in Norway, high-speed AVE train between Cordoba and Madrid, or a mini-electric train that takes you deep into the Postojna Caves in Slovenia, you are guaranteed to get some fantastic views.

**TRAMS, METRO OR ON FOOT**

There's nothing fun about being stuck in traffic while on holiday. Our small group philosophy means we have the flexibility to jump on a tram or the metro instead. You'll feel like a local and see more. Also expect to do lots of walking as we get out there and experience Europe's wonderful old towns and cities.

**BY OCEAN, RIVER OR SEA**

Relax and enjoy a leisurely harbour cruise on board a traditional Maltese dghajsa boat or board a ferry for the Isle of Capri. Cross the Ionian Sea to Santorini on a high-speed ferry or cruise amongst the breathtaking Norwegian fjords. There's almost always an opportunity to take to the water on our European itineraries so have your sea legs ready.

Trulli, Alberobello, Italy

# WHERE WE STAY

Our small group sizes mean we can stay where the big groups can't. Location, character and cleanliness beat bland chain hotels every time. From a former monastery in Minsk, to a cave hotel in Matera and a traditional trulli in Alberobello, if it's worth the experience, we'll include it.

## OUR RATINGS

In Europe we use 3 to 4½ star hotels - clean, comfortable and in the right location. All rooms have private facilities and daily breakfast is included. Many hotels are in the old part of town which means they can be historic buildings with varying room sizes and lots of character.

## MOROCCAN KASBAH

Our *Moroccan Discovery* and *Southern Spain & Morocco* tours include a 2-night stay in a traditional Moroccan kasbah - it's an unforgettable experience. We spend the evenings enjoying traditional Moroccan hospitality and watch the sun come up over the shifting sands of the Sahara Desert. Simply magical!

## ETHNO HOUSES PLITVICA SELO

Ethno Houses Plitvica Selu are located only 400 metres from the highest waterfall in the heart of Plitvice Lakes National Park - the largest, oldest and most-visited Croatian national park, added by UNESCO to the World Heritage register for its outstanding natural beauty.

# OUR TOUR GUIDES

Nothing beats local knowledge! All of our guides are carefully selected for their expertise, passion and genuine love of their country. You'll find their energy and enthusiasm infectious and once you've experienced a Bunnik tour, we're sure you'll agree that we have some of the best tour guides in the world. In short, these important members of our family **are** Bunnik Tours!

"We had such a great time on our trip. Our main guide Antonio was fantastic and very informed about the country we were in at the time. He always had a surprise and we were never disappointed. Zahir was our Moroccan guide and he was wonderful as well. He looked after us so well and took us to special places where we could see the culture of the country in reality."

BOOK  
YOUR  
BUNNIK  
TOUR

### How to Book

To confirm your booking, we will need a non-refundable deposit of \$750 per person for small group tours (excludes Arctic Norway \$4,000 per person), and \$1,000 per person for Cruise & Tours. Other deposits may be required, depending on extra arrangements you book with us.

### Travel Safety

For the latest government advice on travel safety and security please visit and register your holiday on [www.smarttraveller.gov.au](http://www.smarttraveller.gov.au)

### Travel Insurance

You will also need to arrange travel insurance. This is not a choice, it's compulsory as we'd hate for something to happen and you not be covered.

### Payment Schedules

About 4-8 weeks after your booking has been confirmed, we'll request a progress payment in order to cover airfares, taxes and fuel

surcharges. The progress payment for Europe is \$2,750 per person. This amount increases if you are flying premium, business or first class. This payment allows us to issue your flight tickets and ensures you don't get hit with airline increases on fuel surcharges and taxes. Your final balance is due 60 days before you depart, depending on the tour you have booked (120 days for Cruise & Arctic Tours). You'll find our cancellation policy and other terms and conditions in the back of this brochure or you can ask one of our consultants.

### Passports and Visas

Australian travellers require visas for a number of countries. We can help you obtain them. It's important to note that they can take time to arrange, so early booking is recommended.

We will also require a photocopy of your passport which must be valid for travel for at least six months from the date you are planning to return to Australia.

### Your Travel Documents

Your documents, including itineraries and hotel lists, are prepared approximately three weeks before you depart. If you require your documentation earlier than this, please be sure to let us know.

### Tipping Made Easy

Tipping is not a part of everyday Australian life, so many of us feel unsure about when or how much to tip. However, tipping is expected in many of the countries we visit and often makes up a large part of people's wages, so it's important to get it right. For this reason we have developed a program for selected destinations. This simple system sees us collect tips at the time of booking. We then pass these tips to our local staff and they take care of all the tipping. Easy! For logistical reasons it's compulsory that all tour members participate in 'Tipping Made Easy'. Please note: Tipping is not included for the cruise portion of any Cruise & Tour, unless stated.

# CRUISE & TOUR CONCEPT

A Bunnik Cruise & Tour gives you the best of both worlds! By partnering with the world's leading cruise lines we are able to bring you a seamless experience that combines the benefits of small group land touring, with the luxury of ocean cruising.

## THE TOUR

The land portion of your Cruise & Tour is the same as any other Bunnik small group tour - and delivers all the same benefits.

You'll enjoy a stress-free holiday with all the research, planning and logistics taken care of. You'll get to see all of the iconic sights, as well as getting off the well-worn tourist trail to enjoy a few special local experiences.

You'll have the support of expert local guides, get to jump the queues at most of the major sights thanks to our special access arrangements, and have plenty of free time for independent exploration.

You'll also have the comfort and safety of travelling in a group of like-minded people and the chance to make new friends amongst your small group of fellow travellers.

## THE CRUISE

For the second part of your holiday you'll board a luxury ocean cruise.

For our Cruise & Tour packages we've partnered with Holland America Line and Princess Cruises, some of the world's most respected cruise lines.

You'll enjoy the luxury of an Ocean-View room, onboard entertainment and all your meals. Main meals are served in the dining room, but you can upgrade (at an additional fee) to one of the specialty restaurants for an extra treat. During your time in port you have the option to return to the ship for meals or enjoy the regional cuisine at a local restaurant.

We've deliberately chosen not to include a tour guide or any pre-arranged sightseeing in the cruise component of your tour, so you can choose from the wide range of

options offered by the cruise company to suit every interest and budget. Alternatively, you may want to do your own thing or stay on board and relax in the spa.

Shore excursions can be booked direct with the cruise line, online, before you depart, or while on board (subject to availability).

### Value for Money & Convenience

A Bunnik Cruise & Tour offers fantastic value for money. By negotiating in bulk with cruise lines, airlines, hotels and local operators we've secured preferred rates which we pass on to you.
