Following your feedback session all copies of your reports are destroyed. Your results are maintained in Multi-Health System's database, strictly on an anonymous basis, for use in any future research that would involve the EQ-i 2.0. All information shared with your feedback professional is confidential and subject to rules regarding privileged communication between a qualified professional and a client. If any aspect of your results is discussed with others who are not directly involved in the provision of feedback, such as for consultations or teaching purposes, no identifying information is disclosed.
