

*Preparing our Students for Success in a Global Age!*

# EAS' Student Achievement

**Esoteric Academic Solutions (EAS), LLC**, an educational solutions firm that specializes in academic tutoring, study-skill development, test preparation, and admissions consultation to middle and high school students (Grades 5-12).

EAS prides itself in using a scientific approach to achieve outstanding results. Our entire team is dedicated and passionate about secondary education from 5th to 12th grade. Our strength is we focus on the learning process and not learning products, to enhance motivation to drive self-confidence. Our tutors focus exclusively on middle and high school to meet their specific educational goals.

We believe these are critical years where children develop confidence and a positive attitude toward school. EAS features one to one student to academic coaches which allows us to build trusting bonds with each student. The result is a student with a higher self-esteem, sense of pride, and academic accomplishment. Our methodology is quite simple. We focus on providing superior academic support services that surround the student in collaboration with the student's teacher; with elite tutors, diagnostic assessments, test prep, and study/test-taking homework strategies.

# Process

## Diagnostics Assessments

- Identify strengths and weaknesses
- Provide a basis for a customized program

## Customized Achievement Programs

- Customized to meet each student's needs
- Focus on weaknesses instead of needless review

## Excellent Instructors

- Score in the 95<sup>th</sup> percentile
- Not just educators, but coaches and support system

## Results

- Average SAT increase of 250 points
- 100% see grade improvements within one year

# Tutors

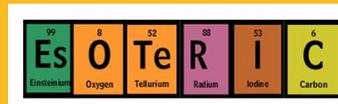

## Highly Credentialed Tutors

Esoteric Academic Solutions provides premier private tutoring, and a key component of our success is our rigorous screening and qualification process. We are committed to selecting the best tutors to help our students achieve or surpass their academic goals.

We require the most rigorous qualifications of our tutors, in addition to a background check. Only a tiny fraction of those candidates who apply ultimately make it through our demanding interview process and become EAS Tutors.

In every tutor we hire, we look for the following:

- Excellent communication and teaching skills
- Great test scores and grades
- Prior teaching and mentoring experience
- Friendly and personable demeanor
- Exceptional ability to develop individualized learning plans

# OUR CUSTOMIZED SERVICES

## TEST PREPARATION

### Middle and High School Admissions:

- ⇒ SSAT/ISEE
- ⇒ OLSAT Level E
- ⇒ NEST+m/Mark Twain
- ⇒ Specialized High School Admissions (SHSAT)
- ⇒ Hunter College High School

### College Admissions:

- ⇒ SAT/ SAT II Subject Tests

Chemistry, Biology  
Physics, Earth Science,

### English:

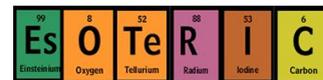

Reading, Writing,

### Social Studies:

US History, Global  
History

### Specialization in all AP courses:

AP Chemistry,  
AP Calculus, AP  
Calculus, AP Biology,  
AP Physics, AP  
Statistics, AP US  
History,  
AP World History

## COLLEGE ADMISSION PREP

Esoteric Academic Solutions' Selective College Admission Workshop (SCAW) is a two session immersion program that prepares students for the increasingly competitive college admission process.

The goal of the SCAW is for students to have a completed Common Application (including two college essays and an activity sheet) and the direction and confidence they need for college admission success. Our program is both intensive and comprehensive, enabling us to help students condense a process that can often take weeks or months into two powerful days.

## Study Skill Workshops

Research shows that explicitly teaching study strategies in content courses improves learning. Research also shows that few teachers explicitly teach study strategies; they seem to assume that students have already learned them in middle school—but they haven't. Rote memorization is the usual learning strategy and often the only strategy employed by high school students when they go to college.

Our workshops are designed give our middle to high school students a competitive advantage, by increasing student's confidence, motivation and self-esteem through mastering:

**Homework Completion Strategies**

**Time Management and Organization Skills**

**Study Strategies Test Preparation**

**Test Taking**

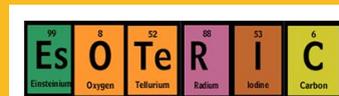

**Test Anxiety**

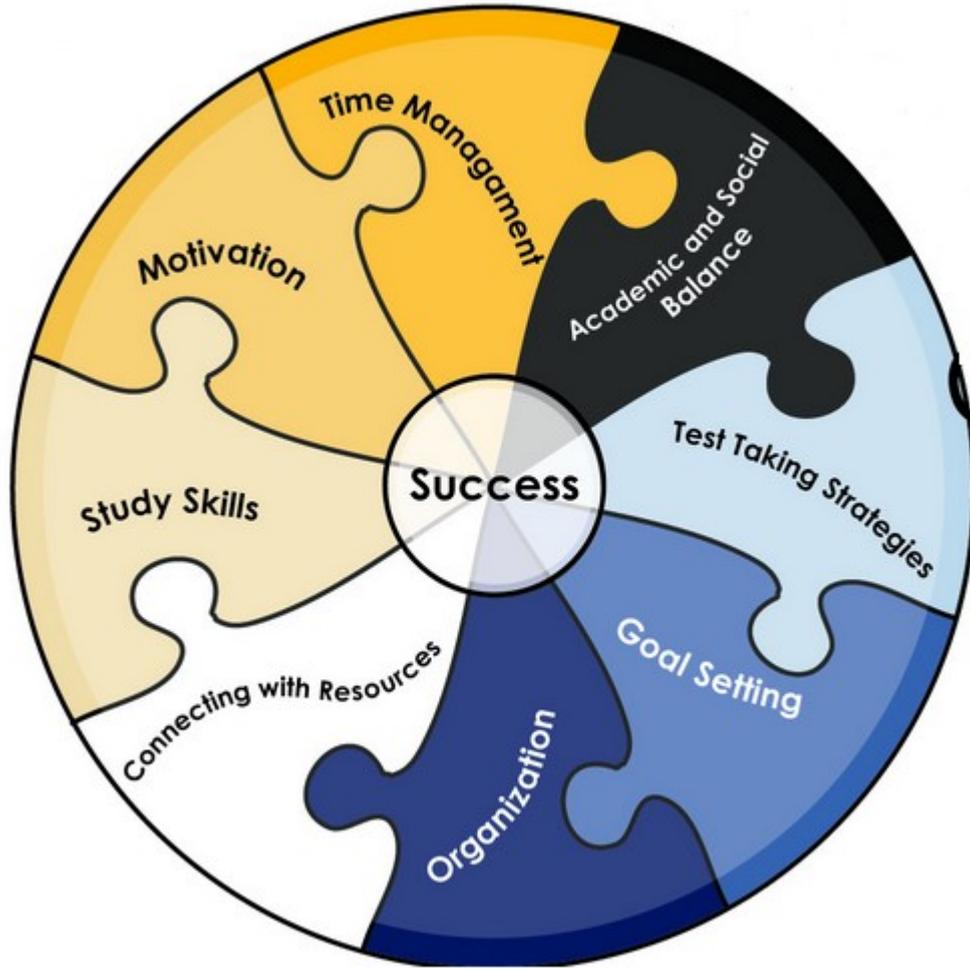

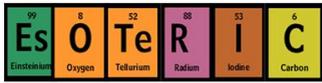

**Note-Taking & Textbook Reading Skills**

**Stress Management**

**Goal Setting & Motivation**

**Memory & Concentration**
