# FUEL YOUR 2019 SUMMER

“I FEEL CONSIDERABLY MORE  
*prepared* FOR THE COLLEGE  
APPLICATION PROCESS”

# WHY CASIP?

## Five reasons why CASIP is the answer to your summer

- 1 A TASTE OF COLLEGE**  
Our programs prepare students for a successful high school to college transition. Our students learn to balance academic, social and extracurricular commitments. They enter college better prepared to make the most of their experience.
- 2 WORLD CAMPUS**  
CASIP students come from all over New York City and the world, creating a unique culture and social dynamic on our programs. Most students come independently, but quickly meet new friends and create an extraordinary community where fun and excitement reign.
- 3 CHALLENGE MINDS**  
Small classes and challenging curricula are taught by the best and brightest in their fields. Classes mimic college seminars, stressing interactive collaboration between students and faculty.
- 4 STUDENTS FIRST**  
We care about each of our students, their individual growth and happiness. Every aspect of our program design emphasizes that concern.
- 5 ONCE YOU GO, YOU KNOW**  
We constantly receive letters, calls and emails from parents, students and teachers telling us about the positive effect of CASIP programs. Students return home having improved test-taking skills, discovered new interests, with new friends, more confidence, a greater awareness of themselves and the world around them. In short, better prepared for college and better prepared for life.

## STILL HAVE QUESTIONS?

### When should I attend CASIP program?

Both rising juniors and rising seniors will benefit greatly from attending CASIP.

**Rising Juniors:** Attending CASIP after you've completed the 10th grade will give you sufficient time to fully understand and complete all aspects of the admissions process as well as strengthen any weakness in your college application. You can approach the college selection process with an open and informed mind, set up college visits, compile your activities resume, and evaluate your performance on the SAT.

**Rising Seniors:** As an incoming Senior, you will soon be drawing up a final list of colleges to apply to, and completing applications and application essays when you return to school in September. Attending CASIP the summer before allows you to get a head start on the process.

After attending CASIP, you will understand all aspects of the application process, complete major components of the application, and have a refined list of colleges.

### What type of students is CASIP designed for?

CASIP is right for all students. Because our programs are kept small, we can offer a personalized, 'hands-on' approach for every type of student.

**Will this program replace the counseling I receive at school?** CASIP is designed to supplement the counseling you receive at your high school, not replace it. We seek to work cooperatively with parents and schools to help you fully understand the admissions process and to arrive at the right decision for you.

### Can you guarantee that I will be admitted to my first choice school?

No. Our mission is to familiarize you with all aspects of the admissions process so that you can perform at your optimum level. We cannot guarantee admission into any institution, but we can help you to maximize your natural talents.

### What if I've already taken an SAT preparation course?

If you've already taken an SAT preparation course we still recommend that you take Meet the SAT with Esoteric Academic Solutions. Taking Meet the SAT will reinforce previous instruction and give you more practice on three full-length practice tests. In the past, we have found that students who repeated SAT Prep with us further increased their scores.

### Is the SAT preparation course comprehensive?

The SAT preparation course included in all CASIP programs is a comprehensive Esoteric Academic Solutions SAT preparation course. It includes 30 hours of small group instruction, 3 scored and analyzed diagnostic SATs and student access to the online portals for continued skills practice. Esoteric Academic Solutions SAT coaches are carefully selected and well trained to prepare students for all aspects of the SAT.
