

- Theoretical Distribution
- Test Case Repository Distribution
- Projected Impact Distribution

Scope

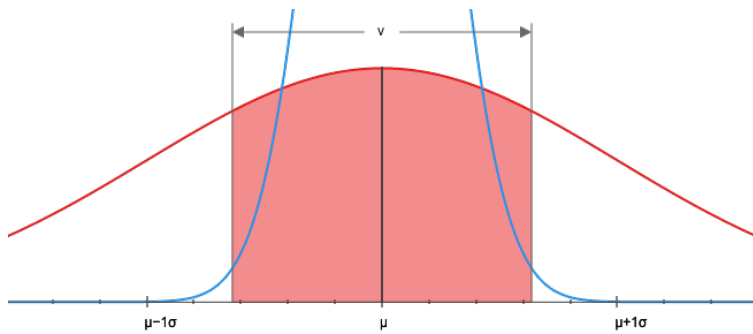

Test Case Repository	2,869
Projected Impact	60%
Sampling Confidence	95%
DIT's per Test Case	17

Sampling Distribution

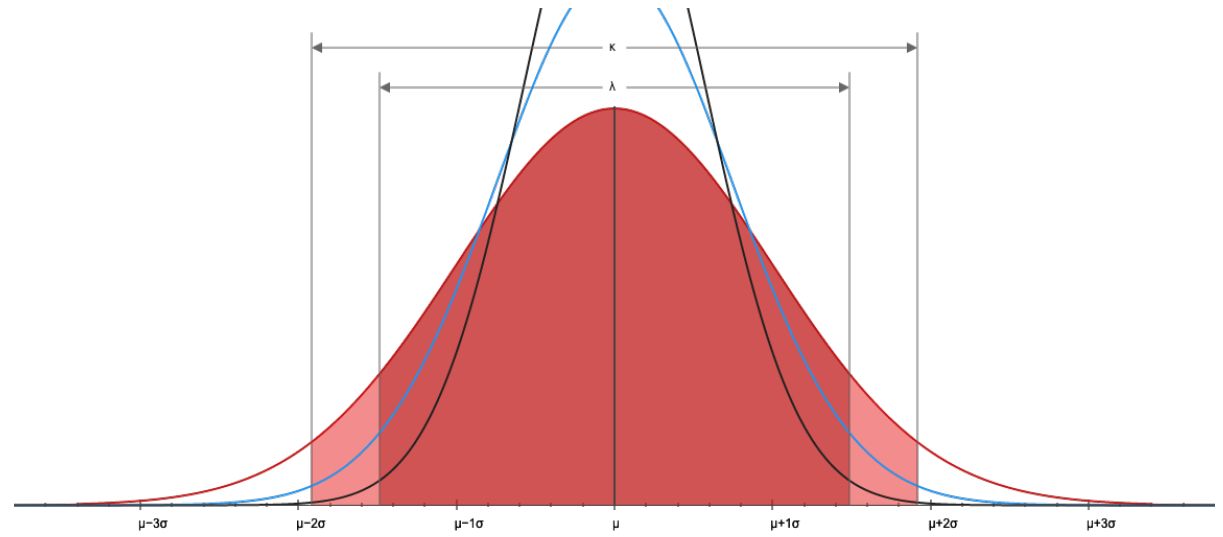

Functional Processes	41
Test Cases	314
Risk Mitigation { v }	47.42%

Analysis

Functional Processes associated with Test Case Repository	368
Functional Processes impacted by Project	221
Test Cases impacted by Project	1,722
Test Case Repository Coverage { κ }	94.48%
Test Cases Impacted by Project { λ }	86.25%

v = Sampling Distribution

κ = Test Case Repository Coverage

λ = Test Cases Impacted by Project
