Venue: call for directions

Cost: to cover value for Training  
materials plus a Donation for Tuition  
and other expenses

An intensive, dynamic, interactive and practical training, which highlights the foundation of the medical missionary work providing essential topics to enable students to begin some practical aspects in the field. Topics include, why the medical missionary work, the eight laws of health, the spiritual component of health, botanical medicine, mental health, introduction to hydrotherapy, cooking schools, reversing high cholesterol, high blood pressure, diabetes and more.

Following the in-class training, students will need to complete reading assignments in the training manual. For those who find it difficult to attend all the classes, the program is also available self-paced online and on recorded material.

**NATURAL HEALING**  
THROUGH THE LAWS OF HEALTH INSTITUTE

*“Knowing that if you have the faith of a mustard seed, your faith can move mountains”*
