

## GOT BUGS!?

## WHO YOU GONNA CALL?

### ***ECONOMY PEST CONTROL!***

Did you know that the association has a new exterminating contractor? The new contractor is Economy Pest Control. IT'S TRUE! The cost of the service is covered through your monthly assessment --- so it's like a free call to have your home treated.

**WHAT'S COVERED?** "Regular" service is covered for roaches, ants, mice, rats and silverfish. Help is just a phone call away at 1-800-498-1166. Call directly to schedule an appointment at your convenience. ***To make the treatment effective, all homes in the building should be treated.***

Coordinate with your neighbors to have all residents available for treatment should one resident be having a particular problem.

Economy Pest Control has regular service days when they are out at Cross Fox – 1<sup>st</sup> & 3<sup>rd</sup> Saturday of each month. Please note that termite inspections nor termite treatments are covered with this program. Please call the CVI office if you think you have termites.

## **DON'T BE BUGGED ABOUT BUGS ANY MORE!**
