

Hassle - Free Funding

Our funding process takes 21-45 business days depending on your request. All of our services are time restricted; therefore, we adhere to a timeline to keep everyone on track.

Please keep in mind we do not liquidate equipment nor place liens on real property. Our program is designed for business owners to remain in control of their futures. We have removed limitations most banks place on small businesses including the need for perfect credit and years in business. Our guidelines are project-based. Give us a call TODAY!

PROFIT

SHARING

Gold Key provides the opportunity to businesses to select profit-sharing as an alternative to loan repayment terms. Each application will receive a profit-sharing option, from 5-40% of gross profits for 3-7 years (on average). The loan request becomes an investment and the principal(s) works with our risk management team to establish the layout of the plan. This is a great way to infuse capital into your company stress-free.

We accept multiple industries. If you've had trouble qualifying for business capital, we can truly help.
