- 10x25** Three or four bedroom house with appliances. Extra wide 10 foot door opening to accommodate a vehicle, truck or utility trailer.

HELPFUL HINTS

Furniture Disassemble beds and tables. Stand sofas and mattresses on end. Any furniture in boxes should not be stored directly on concrete floor. Use plastic sheeting with ventilation.

Appliances Clean and dry thoroughly. Leave doors ajar. Do not stack appliances on top of each other. Light items in boxes such as clothing, etc., may be stored in and on appliances, chest of drawers and dressers.

Glasses and dishes should be wrapped individually in plain white paper, and you may use bubble wrap or packing peanuts as added protection.

Mirrors and pictures need to be packed on end, not flat and individually with strong cardboard sheets in between them. Pack books flat in small boxes.

Use sheets and blankets to cover upholstered items. Place a container of water in the unit to add moisture to wood furniture.
