CORONA CARTEL (Multiple World Champion Sire) X SWEET ADVICE (Stakes-Placed and 100% ROM Producer(6)
X BULLY BULLION (leading sire and grandsire of barrel and race horses

"Walt" (Best Advice) got his first Graded Stakes Placed horse in the Iowa Double Gold in 2014, and the same colt ran back in the Derby the next year and ran 2nd. His race colts have really shown a lot of run and are very honest runners! He has a very high percentage of money earners and looks like he's going to be one heck of a sire.

Not only does he have a speed index of 105, he has colts preparing for the barrel futurities, and the trainers are telling us how much they like them. Best Advice has a wonderful temperament and he's passing that on to his offspring.

Best Advice has the balance, conformation, and mind to excel at any event and on the track. Best Advice was the last stallion prospect hand selected by legendary breeder Walter Merrick and has been described by many horsemen as well as Jon Mixer, as looking like his father's famous "Orrin Mixer painting of the Quarter horse."
