

JUDGE CASH

Judge Cash is ranked 2nd in the past Decade according to Equistats! (1. Frenchmans Guy 2. Judge Cash)

His Barrel Offspring have earned well over a Million dollars!

Barrel horses are not the only specialty for Judge's babies as he was first an excellent race sire. Judge has produced a world champion, seven superior runners, numerous graded stakes winners, and earners that have tallied over a million dollars just on the track. Considering they have competed predominately in the Northwest, that is a pretty tidy sum. Of his 108 ROM's, 70 have been two-years ROM's; and 55 of them have been 90 SI (or AAA) and better.

His offspring have earned over a Million dollars on the track!

Being the athletes that they are, Judge's offspring are not limited to these two disciplines. Because they're intelligent, and love to work, there are many out there that are good rope horses, pickup horses (including 2008 NFR Pickup Horse "Roxie"), ranch horses, english disciplines, and just the general all around good horse to go ride on the beach.

Judge Cash qualities that you'll probably see in your colt are: Supple, with long powerful strides. Big motors, but they like a light hand. Very Friendly colts that will come to you and want to work. A huge hip on a nice sturdy frame that is built to last. Confidence is usually not a problem, and intelligence is generally high. They hate to be in trouble, so a timely stern correction the first time will usually will teach them that lesson for always. They're not to be forced, but if you're a good teacher they will love learning. And lastly, they are usually gorgeous!!! The rule on Judge is, if your mare is nice then your baby will be too. He is also notorious on crossing on a wide variety of mares which is quite unusual and says a lot on what kind of sire he is.

In the breeding shed, **Judge is a super horse with outstanding semen.** He has an excellent reputation for settling his mares whether you send them to the farm, or you live across the lands and breed via Artificial Insemination. He is an excellent shipper with great motility.

Judge's dam, **Mary Mito** earned \$45,294 with an SI of 104. She produced 12 foals, 10 ROMS, 7 with 90 SIs or higher. Her daughter, **Mary Dash**, full sister to Judge, is grand-dam of **Negro De Az**, who earned \$356,277. SI 110

Judge's grand-dam, **Shelly Leo Bar** produced 9 ROMs. Besides Mary Mito, there was her full sister **Sally Mito** who produced: #1. **Staley**, who qualified for the 2006 World Show in barrel racing. #2 **Streakin Silk** who is the dam of **Silk To Cash**- Producer; **Streakin Together** \$80,374 - producer of **Call Me Silking** - producer of **Jazzing Silk** and **Rio Rojo Jeff**. #3 **Master Sid** - 26 performance wins, 15 novice wins.

Looking at Judge's pedigree you will see that MITO PAINT, DASH FOR CASH cross. This is a proven nick for performance and race. The same cross is in other stallion's pedigrees that you may be familiar with:

- **On A High by Dash For Cash out of Yankee Doll by Mito Paint**
- **Rebel Dasher by Dash For Cash out of Painted Rebel by Mito Paint - Rebel Dasher is the sire of Sherry Cervi's good horse BC TINMAN**

Judge has - Dash for Cash - Sugar Bars, Two of the biggest stud names in Barrel Breeding. Judge also has Three Bars 4x5, and Three Bars is said to be one of the strongest ingredients in top performance horse pedigrees. For icing on the cake, Judge's dam side has a heavy dose of Joe Reed II.
