

Job Description

Welcome Exercise Physiologists

We are seeking an Exercise Physiologist to join our wonderful team of health practitioners including Dietitian and Nutritionist, Senior Exercise Physiologist, Musculoskeletal Therapist and Remedial Therapists.

The ideal candidate must be:

- Holistic in practice,
- Client focused, and
- Invested in building long-term business success while upholding Jack Willows values and philosophy.

If you have a five-star approach to the delivery of your treatments?

If you are a thorough practitioner who is passionate about their work and can impart this energy to our wonderful clients, and;

If you can participate within a supportive and proactive health care team, then this position would be perfect for you.

Ideally, we are looking for someone with a minimum of 2 years' experience for an immediate start however newly graduated professionals are welcome to apply.

We are only interested in applicants wanting long term employment who are career driven for longevity and continuity of business growth and continued client care to our clients.

The role is initially 1-2 days per week. Increasing client satisfaction will see you opening up further days.

We know that being stuck in one room may become a challenge for some. Therefore, we offer a varied setting opportunity. We not only practice from our main clinic at Caboolture South but we also practice from a Medical Centre Setting in Beerwah, A Private Hospital Setting in Caboolture and work within an Indigenous Medical Centre. As a practitioner this gives you invaluable experience with a diverse range of community health.

Opportunities at Jack Willows include but not limited to: Indigenous health management, chronic disease management, the elderly, children's health, DVA, WorkCover, EP working wonders with mental health, group classes, fitness inspiration, hydrotherapy, gym sessions, postural and occupational rehabilitation, diabetes management and much more.

Your Essential Requirements:

- Fully qualified in your respective field. Allied Health Providers ESSA registration. Own insurances (professional indemnity and public liability), ABN, professional association membership and registration with the usual health funds.
- Current first aid certificate
- A demonstrated commitment to natural therapies and to delivering outstanding customer service in assisting others with their healing journey.
- A strong, nurturing and extremely confident treatment approach with demonstrated skill in sports injury & rehabilitation, postural re-balancing, chronic disease management, exercise prescription and fitness.
- Knowledgeable in your field, hardworking, high stamina and excellent practical skills with the ability to liaise with other health professionals to ensure the best possible patient outcome.
- Proficient in writing clinical notes and attending to light administration tasks.
- Reliable, honest and vibrant with high levels of maturity and diplomacy.
- Be open to learning new treatment types and techniques while keeping up to date with the latest developments in your field of practice.
- Be congruent with the natural health philosophy in your life and naturally inspire others in their personal journey to good health.
- Be highly organised with excellent time management skills.
- Be comfortable and confident to work on your own as well as part of a small, supportive, happy and harmonious team.

What we Offer

- A generous and fair rate of pay.
- Excellent working conditions where you will be valued and rewarded.
- A beautiful, clean, nurturing work environment.
- Collaborative health promotions or projects for target groups.
- A large existing client base of wonderfully kind and friendly people.

To apply for this position please send a:

1. Cover letter
2. Current Resume including referees.
