## CELEBRATING OUR 30<sup>TH</sup> ANNIVERSARY

Award Winning Music Program

*Providing a Quality Music Experience for Children and Adults*

Dear \_\_\_\_\_,

You are invited to participate in our 30th Anniversary Party and Show. We strongly believe performance is an important part of our music education program. Students have an opportunity to perform for our family members and friends. Audience members participate by enjoying the musical progress of the performers.

We plan on celebrating our 30th Anniversary as this is a significant milestone. Our show is the highlight of our musical season.

Students are motivated to achieve their fullest musical potential, be creative, positive and interact with good manners. Music helps develop character and a well-rounded personality. Studies have proven that students who study music do better in school and in life. At Richmond Music Center we have a very high success record with our students. Most of our students continue playing music for their entire lives. This is very profound and energizes the very core of the person.

Please complete the enclosed application and submit paperwork to Richmond Music Center by July 21, 2019. Planning the show is very time consuming and it is time to start preparing. From now to the show we will work very close with you to assure you your performance is successful. Please follow directions in a timely manner. The show may seem like it's a long time away, however, to properly prepare for song selection, stage presence and song performance takes time. We are also putting bands together for the show, and this is also time-consuming.

We consider it an honor to be of service. We realize our students are important and do all we can to facilitate musical development.

Please complete the attached information and return by July 21, 2019!

Thank you!
