Haliwa-Saponi Tribal participates in the USDA Child Nutrition Lunch Program. We are pleased to announce that our school is a Community Eligibility Provision (CEP) School where all students are eligible to eat breakfast and lunch free. We welcome all students to participate in the lunch and breakfast program. We appreciate all students who enroll at our school and have high expectations for students achieving their goals.

"Research indicates that eating habits affect student performance and health," said State Superintendent, Dr. June Atkinson. "Children who are hungry or poorly nourished have difficulty learning and do not perform as well in the classroom as students who are well-nourished. Meals and snacks at school are healthier and more appealing than ever before." Healthy school meals and quality classroom instruction are top priorities in North Carolina because they help prepare students for success.
