Animal Adoption Request Form

Adoption Requirements:

- All animals in your household **must** be up to date on vaccinations.
 - Cats: Rabies Vaccination, FVRCP Vaccination
 - Dogs: Rabies Vaccination, DH(L)PP Vaccination
- *Any animals not current on vaccinations must have a **medical** reason for not vaccinating*
- All dogs living in the household must be up to date on Heartworm Testing & Prevention
- All animals living in the house must be on a flea & tick prevention schedule
- All animals living in the house must be spayed/neutered unless being used for responsible breeding.
- No “de-clawed” cats are allowed to have free-roam outside.

These requirements are essential for providing a happy, healthy life for any animals up for adoption. We put a lot of time and effort towards adopting out healthy, vaccinated, spayed/neutered animals to good homes. We reserve the right to deny any adoption request.
