DOG POTTY RULES

We only have one place to potty your dog. It is on the gravel area to the west of our unit. You can reach it by going around the building to the north or go through the back door if inside the building. You must provide your own bags.

We are prohibited from using the grass area across from our main door and any of the trees or bushes on the property. Ladybird Park is a mere one-half mile from our building. We encourage you to stop there before entering the property. Ladybird Park is located in front of the fairgrounds on the corner of Chinden and Glenwood Streets

THANK YOU for helping us be a responsible tenant
and a good neighbor!
