The hunt price includes all accommodations & transportation from base camp, \$100 land use fee, \$150 membership Non-Resident Hunter Preservation Fund, and field skinning. The hunter is responsible for transportation to and from base camp, all license and tag fees, and taxidermy fleshing, salting, drying for each bear. All bears must be sealed before leaving Alaska & meat salvaged. We assist in all these arrangements. Cinnamon bears comprise 40-50% of the blacks in our area.
