

# TABLE OF CONTENTS

<b>Introduction</b>	<b>1</b>
<b>Chapter 1– Food Science and Food Processing Defined</b>	<b>3</b>
Types of Jobs for Food Scientists	4
Other Food Science Career Options	9
Burning Bridges – Don't do it!	10
What do you think?	11
<b>Chapter 2 – A Chemistry and Science Primer</b>	<b>15</b>
Elements and the Periodic Table	15
Charges and Mass	17
Chemical Bonding and Bond Strength	18
Molecular Weight	19
Temperature, Mass, and Length Measurements	20
Solutions: Molarity vs. Molality	21
pH	22
<b>Chapter 3 – Overview of Properties</b>	<b>23</b>
Surface Tension	24
Water is a Great Solvent	26
Unique Nature of Water	27
The Role Water Plays in Food	28
Experiments: Let's Make A Mess!	31
Overview Experiment #1: Surface Tension	31
Overview Experiment #2: Surface Tension and Temperature	36

Overview Experiment #3: Pepper, Water, and Soap	39
<b>Chapter 4 – Stuff In Water</b>	<b>41</b>
Nature of the Particle	42
Solutions	43
Suspensions/Dispersions	46
Colloidal Dispersions	47
Summary	50
Experiments: Let's Make A Mess!	51
Stuff in Water #1: Classification of Stuff in Water	51
Stuff in Water #2: Boiling Point and Water Solutions	55
Stuff in Water #3: Solution and Crystal Separation	59
Stuff in Water #4: Broken Emulsions	61
SIW #5: Water-in-oil vs. oil-in-water	63
<b>Chapter 5 – Water Activity</b>	<b>65</b>
Water Activity Defined	65
Water State	66
Shelf Life	67
Equilibration	71
Summary	72
Experiments: Let's Make A Mess!	73
Water Activity Experiment #1: Water Activity and Moisture Balance	73
Experiment #2: Tortilla Flexibility	76
Water Activity Experiment #3: Mold Growth	78

<b>Chapter 6– Boiling, Steam And Humidity</b>	<b>81</b>
Boiling Defined and Phase Transitions	81
Phase Changes	84
Moderation of Temperatures	85
Steam Quality	85
Humidity	86
Summary and Application	87
Experiments: Let’s Make a Mess!	89
Boiling Experiment #1: Boiling Point and Water Solutions	89
Boiling Experiment #2: Steam vs. boiling water	96
Boiling Experiment #3: Boil Egg in Wax Paper Cup	100
<b>Chapter 7– ICE</b>	<b>103</b>
Ice	103
Implications in Food	104
Summary	107
Experiments: Let’s Make A Mess!	109
Freezing Experiment #1: Temperature of ice water	109
Freezing Experiment #2: Ice and Salt, Again	113
Freezing Experiment #3: The damaging effect of Ice Formation in Lettuce	116
Freezing Experiment #4: Frozen Hydrated Corn Starch	118
<b>Conclusion...Or The Beginning!</b>	<b>121</b>
<b>General Resources</b>	<b>122</b>
