Your Commodore,
Bill Hold

From the Vice Commodore

I would like to say "Thank You" to everyone that helped me in my previous position of Member at Large(or large member). Thank you also for entrusting me with the office of Vice Commodore, it is truly an honor to serve you in this position. I have been approached to join other clubs(that are even a little closer), but I easily decline the offer. The Rome Sail Club is called "The best kept secret" of Alabama. When approached I tell them of our awesome property with the clubhouse, BBQ pit, boat lift, and docks. Everyone is amazed, but I then proceed to tell them what really makes this the best club...it's members, who are some of my best friends and always willing to lend a hand, along with sarcasm, criticism, and indecision. LOL.

Please if we haven't had a chance to meet yet, come and search me out, and I will do the same. As always please let me know if there are any concerns, comments, or

suggestions that the board needs to address. It is my pleasure to serve you.

Nautical Quote of the Month:

"Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover." - Mark Twain

Vice Commodore
Malcolm Newbold IV

From the Dockmaster

Hello all club members, I would like to say I am happy to have been chosen by our club to serve as Dockmaster. If you need to reach out to me, you can reach me by my email address found on our website Dockmaster@theromesailingclub.com, or you can text or call my cell phone.

We have had a lot of rain in the past few days. Please make an effort to check your boat to ensure it is not filling with rainwater, mine was. I know A-Dock has no electricity to recharge your batteries so you may need to take yours out to charge in the short term while we continue to work on getting electricity back to A-dock.

Repairs will be addressed soon on both

B-dock and C-dock as we continue to work towards getting these docks brought up to speed.

Remember the club has voted to not allow dock boxes on A-dock and no step on A-dock. so do not plan on installing these items anytime soon.

Remember to check you lines for your boat to ensure they are in good shape. This is your responsibility to the club to prevent damage to your boat, doc\ and other boats in the club.

Dockmaster,
Glenn Segrest

Committee Chair,

From the Purser

Received a quote from Waits Electrical Contractor for the A dock power requirements. All wires in conduit and or liquid tite flex. All wiring # 10 solid.
6 Circuits
3 Outlets per circuit.
6 GFCI Breakers
All work per 2017 NEC and local codes.
Cost for complete job is quoted as 4756.00
I ran a material cost estimate using Lowe's pricing that came to \$3025.00. I have not included any small items.

Classifieds

Want to replace your old dock lines?

I have old life safety rope for sale. \$2 for 10 meter / 33 foot length. This rope has reached the end of its lifespan as a life safety rope, but still has life left. Two types available, 11mm (7/16") Nylon and Polyester. Not good for a line, sheet, or halyard on a boat, but would make a great dockline.

Contact:

Glenn

423-838-4377

Many boats are for sale at the marina, take a walk down the docks to see which ones are available
