GUYANA

Teaching & Church
Building Project
Zeelugt, Guyana
April 14-21, 2018

GUYANA 2018 brings us to the deep Caribbean to join with our tropical partners in building a church and training THE Church.

After many years of helping the City of God Ministries in **Trinidad**, we move WITH them for a third straight year to take what we know and build together in a third country. This is another chance for all of us to dive deep into a cross-cultural experience that excites our spirits and gives an energizing boost to our church partners near Parika, Guyana.

Our days will be filled with a building project that will establish another church in Zeelugt, a suburb of Parika. Skilled workers are appreciated, but not required. We will hammer, saw, paint and mix cement in the day time. Our nights will be filled with team devotionals and team times with our Guyanese hosts where we will share thoughts about evangelism and teach practical ways to start spiritual conversations.

This will be a "developing world experience". We will sleep and eat in the homes of our gracious hosts. Some accommodations may not be what one is used to in the USA, but it will give you an eye-opening perspective of God's world and a stronger appreciation

for the diversity of God's Kingdom. It will be an adventure you will remember for the rest of your life. Join us!
