ACTS 16:25

**June 2017**

Dear Pastor and Church,

I have been going to Red Onion State Prison in Virginia for the last several months on Friday mornings. It has been somewhat of a new experience for me, and I have been in prisons all over this country. In this prison, they have large German Police dogs (very mean dogs) to say the least, on chains to keep the inmates in line. Also, while I am preaching there is a prison officer in a booth right over my head with a rifle. It is just a little more tense than most prisons I have preached in, but I have enjoyed going there. There is another prison close by that I think is going to let us hold services there. Please pray about this, I would like to go there.
