

Dear Supporting Friends:

February 4, 2016

Greetings from Mexico! The grace and peace of our Lord Jesus Christ be with you. We trust that this letter finds you doing well.

God has been good to us in a mighty way! His hand has been all over our life and our ministry. We have been pastoring Iglesia Bautista Libertad (Liberty Baptist Church) since March of 2014. We had to come in and help the church for it had been through lots of trouble and was left with about fifteen members. God has been wonderful and we are currently running about sixty faithful members and reaching an attendance of about one hundred on Sundays. It has not been easy but it has been a wonderful journey! We have seen about forty new people saved in this last two years that are faithfully coming to church. Many have been saved and have made professions of faith but they have gone back to their hometowns or moved in search of jobs. But God has used us to preach the gospel of Christ and see souls saved!

We have been doing a lot of street preaching and open air meetings where just last week we saw a lady and her thirteen year old daughter get saved and are now coming faithfully to church. Pray for us we have several young people and a young couple that have surrendered to serve the Lord full time. This is great but we need your prayers that God would provide the support they need. The young couple could use about \$200.00 dollars a month and the young singles can use about \$75.00 dollars each. All together we could use about \$425.00 dollars. These are young trained men ready to serve the Lord.

Also God has been good to us in the mountains with the Aztec Indian ministries. As we have seen there many get saved inspite of the persecution. We have men there too that are ready to serve the Lord but we have no support for them. It only takes \$150.00 dlls for a family in the mountains to serve full time.

Here are some prayer requests we would like you to join us with:

We are praying about starting a new work in a town near Monterrey Mexico.

We need the Lords guidance on this matter

We are in need of church vans for several of our works

Pray the Lord would provide

On a personal matter I have been asked by the doctor to not speak or much less preach we have been preaching about six to eight times per week in the wind and rain and my vocal cords got swollen to the point where I could loose my voice please pray for me

Pray that the Lord would provide a tent that we could use for preaching in the neighborhoods where we could stay out of the rain and bad weather.

Pray for the Lord's protection on us.

Your Missionaries
