SECOND QUARTER REPORT

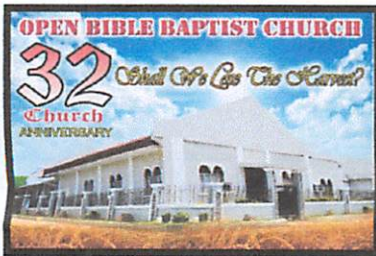

Dear Pastor,

The summer season already started in the country and we held our annual youth camp in Gloria, Oriental Mindoro on April 10-14, 2017 with the theme, "Is there not a Cause?" There were about 300 delegates from different fellowshiping churches who joined the event. A lot of young people were challenged by God's word to surrender their lives and continue to serve the Lord faithfully.

We are also glad to share how God continue to bless the ministry as we celebrated our 32nd church anniversary on the first Sunday of May. Before the occasion, various preparations were made such as repainting of the church building, putting up a choir stage, renovation of the walls and installation of two LED TVs. Almost 300 hundred people gathered to celebrate the anniversary with the theme, "Shall we Lose the Harvest?"

The spiritual emphasis of our church for this month May is soul winning and in line with this, we have come up with a Soul Winner's Training and Workshop. Simulation activities and discussion of useful strategies were imparted to the Christians to help them become and effective in reaching more souls for the glory of our Saviour. I ask you to please pray for the 10 believers to follow in the water baptism.

Again, thank you for the kindness you constantly give me. Your partnership with me is my inspiration. I am truly grateful for your prayer and support.
