

January - February 2018

Trust our prayer letter finds you and yours in good health and Rejoicing in God's gracious blessings, but we are aware that many of you may be battling this flu, bronchitis, pneumonia epidemic which has taken it's toll on folks all over the country.

*Amelia is plodding through her second round of bronchitis yet we realize, there are others who are suffering far greater illnesses and sorrows, reminding us even in our own trials, we are **ABUNDANTLY BLESSED!** We have the privilege of praying for others and know others are praying for us ... one of the blessings as God's children.*

As we share this letter, many are dealing with the Strong Winds of March and all that go with them. Let US join in prayer for the Wind of The Spirit to blow through our lives and our areas and get the attention of many who have settled in to the 'mundane' mode of serving Him and also those who remain in total darkness, not yet knowing Him as Savior. Our land is in a big mess ... we Need His healing.

We are grateful for the meetings in January and February (FL, VA, TN and GA) and look forward to this month and it's blessings with three meetings in GA and then the last week we will already be in WALES !

Please pray for our safe travels here and our flight to the UK the last week of March and our ministry there for 5 weeks before returning to USA the first of May.

Your faithful prayers and support each month are deeply appreciated and we pray God's best be yours to enjoy.

*Thank you and God Bless,
Dennis & Amelia*

Trust His Sweet Presence fills your home each time you meet to worship Him!

Thank You for \$ Rec'd
Jan \$25.00 / Feb \$25.00
