CHAPTER DIRECTORS

From The Directors Desk,

As of the writing of this article the warm weather has departed and the cold has arrived. I am hopeful that we will still get a few days of nicer weather to enjoy the outdoors before being forced into hibernation. As that time approaches, we think of all the things we need to do to prepare. I know my to do list now includes putting away outside furniture and finding room for all that stuff we've accumulated thru the years, to make outside festivities better. Each fall, I wonder where we are going to find room for that!. Needless to say we find room for it all, and somehow still have room to get around. And you know, Thanksgiving is just around the corner and we will all be getting together with friends and family to celebrate the holiday. This past year has been one with highs and lows for our Chapter Family, We have lost former members, and some of you have lost family members as well. We will miss our former Chapter Directors, Randy & Janet, as they move on to another chapter in their lives, and we wish them well in Florida. We have accomplished much this year as well, together you in traveling to other chapter functions have earned enough points to earn our charter fee paid by district. You have put together a successful Bug Run, and have made memories that I'm sure will last a lifetime, all as part of one great family, the Chapter "T" Family. As you look forward to Thanksgiving, I hope you- like me, are grateful to all the memories and blessings that we are given each and every day

There's a quote that many folks say "Family Is Everything"
And as for Susan and I, we are proud to look forward to being able, after my retirement to be a bigger part of our Chapter Family.

Gary & Susan Yoder
Chapter Directors

PS. Don't forget to sign up for the Christmas Party by Dec 1st

HAROLD & DIANE JACKSON

DISTRICT DIRECTORS

November 2018, where has the year gone? As I sit here today writing this letter it is snowing big heavy flakes. So, for many of us riding season is ending. We can all be thankful that we were able to get out and ride as much as we did during the 2018 riding season.

This is a great time to think and plan for 2019. Many of us have calendar planning meetings with our chapter team or the Chapter Ride Coordinator and ride organizers are in the beginning stages of planning those FUN rides and events for next year.

When you are making those plans for 2019, try to include as many chapter gatherings and chapter or district events that you can. Not only will your chapter have FUN but, you will continue to meet new people and renew friendships with people you may not have seen in a while. And remember to keep checking the PA District website for events it is constantly being updated.

Leadership is key to your chapter. Please step forward and support your Chapter by filling an officer's position, Chapter Director, Chapter Treasurer, Chapter Ride Coordinator, Chapter Membership Enhancement Coordinator or become part of the chapter team. We would like to have officer change paperwork completed by the end of the month.

Please keep in mind that each chapter needs leadership for it to continue. You have developed friendships and an extended family due to this organization. You have ridden, laughed and enjoyed each other's company by being part of GWRRA. Please support your Chapter by taking an office.

The PA District raffle tickets have been distributed to your chapter. Please get them into the hands of your membership and people that will assist you in selling. Remember they make good Christmas gifts or stocking stuffers. They make a great “thank you” to a whole list of people who help and serve you such as your waiter/waitress, mail carrier, garbage collector, lawn mower or the person that removes snow. Your chapter could have a contest to encourage participants to sell the raffle tickets. Remember for every ticket you sell you are helping your Chapter.

Has your chapter considered hosting All Chapters East or All Chapters West? If you need any information or if your chapter is volunteering, please give us a call. It is a great fund raiser for the chapter and the event is FUN to host.

Don't forget in your planning for 2019 to attend the PA District Rally “Ride of the Roses”, May 16-18, 2019 at the Wyndham Garden in York, PA. Make sure you take time to review the registration and get it in early if you plan on attending any of the special events, many of them have limited space. Don't forget to book your room at the hotel.

Wing Ding 41 will be held in Nashville, TN at the Gaylord, August 27-31, 2019. The Gaylord is accepting reservations and can be reached at 615-889-1000; the room rate is \$149/night and \$10/day for parking.

The 2019 Roll for the Dough Guidelines have been revised. Please make sure you read them and if you have any questions please feel free to contact us.

Remember to always ride safe!

Harold and Diane Jackson
Your PA District Directors

Chuck Stone

District Educator

Hi everyone:

What's your favorite part about riding a motorcycle? Almost every rider will say the freedom that comes from getting out in the open air ranks high on their list—it's one of the essential parts of the riding experience that makes traveling the same road in a car and on a bike so much different.

But come wintertime that open air can serve up a big challenge for riders, too—keeping warm and dry. Wind and wet are both your enemies when it comes to staying warm.

Staying warm isn't just a matter of comfort. Cold riders risk hypothermia and riding when you're hypothermic can be as dangerous as riding drunk; lack of coordination, slurred speech, confusion, poor decision making and drowsiness are all symptoms.

So what to do about it? Luckily, most motorcycle clothing designed to provide abrasion protection is pretty good at providing wind protection as well.

Now what can your bike do to help?

Windshield:

Tucking in behind one not only makes it more comfortable to sit upright, but the better designs keep you sitting in a still-air pocket, both for comfort and warmth.

Body Design:

Again, the better touring designs keep the wind off your lower body and legs, helping keep you both warmer and drier.

Heated Grips:

Electrically heated grips let you wear gloves that are thin enough for good control feel without compromising warmth and comfort.

Active Heat:

Most Gold Wing models offer heating ducts that channel warm air over the rider's feet. Your car has a heater—why shouldn't your bike?

Electric Clothing:

You may have already purchased heated vests, jackets, gloves and chaps for your winter riding pleasure. In most cases your bike will have plenty of extra power available for these accessories.

In closing, the Gold Wing with its windshield, body design and heating system are all state of the art, and there's plenty of extra power available for your heated clothing.

Remember, a warm rider is a Happy Rider.

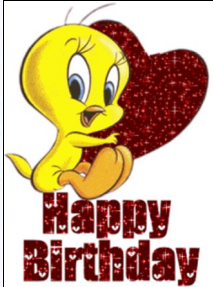

“Ride Safe & Ride Proud”
