

TGS/TMDA Annual Conference 2018

Omni La Colonnade in San Antonio, Texas

August 10-12, 2018

New conference website:
www.tgstmdaconference.org

Conference Objectives

Increase ability to utilize multidisciplinary resources to educate patients and families about palliative care, hospice, and advanced care planning. Improve ability to provide palliative care across multiple sites of care. Increase ability to provide effective comfort care.

Learn and understand liability risks surrounding wound care and learn how to document proactively to reduce those risks. Increase ability to engage with ACOs to partner and improve patient care.

Attendees will be able to apply principles of evidence-based practice and clinical practice guidelines to common geriatric conditions such as infections, pressure ulcers, trauma, diabetes mellitus, hypertension, CHF, and mental health challenges in post-acute and long-term care.
