General information

This form is to be used by a purchaser of a motor vehicle, all-terrain vehicle, trailer, vessel, or snowmobile (*qualifying vehicle or vessel*) to report the sales and use tax due on a purchase for which the purchaser wants to claim a credit for sales tax paid to another state.

A New York State resident who purchases a qualifying vehicle or vessel outside the state becomes liable for New York State and local sales and use tax if the qualifying vehicle or vessel is brought into the state. However, a credit against the New York tax due may be available if **all** of the following apply:

- The buyer was required to pay tax to another state on the purchase;
- that state provides a reciprocal tax credit that is similar to the tax credit for New York State; and
- the buyer is not entitled to a refund of that tax from the other state.

If all these conditions are met, then the buyer may be granted a credit against the use tax due to New York State for the tax paid (or a portion of the tax paid) to the other state.

Note: Before completing this form, refer to the charts below to determine if New York State provides a reciprocal credit for sales tax paid to the state where you made your purchase. **For motor vehicles, New York State provides a reciprocal credit for tax paid to a very limited number of states.** If no reciprocal credit is available, use Form DTF-802, *Statement of Transaction - Sale or Gift of Motor Vehicle, Trailer, All-Terrain Vehicle (ATV), Vessel (Boat), or Snowmobile*, instead of this form. If you paid tax to a state for which no New York State reciprocal credit is allowed you should apply to that state for a refund. If the state denies the refund you may be eligible for a credit for some or all of the New York tax you must pay now. To apply, file Form AU-11, *Application for Credit or Refund of Sales or Use Tax*, and attach proof of tax payment to and proof of the refund denial by the other state.

Specific instructions

- Enter the owner information. Complete all entries, including the owner's social security number (SSN) or employer identification number (EIN).
- Enter the name and address of the person or dealership from whom the qualifying vehicle or vessel was purchased.
- Enter the qualifying vehicle or vessel identification information.

- Enter the date of purchase and the purchase price. *Purchase price* includes any monetary consideration, the value of any property exchanged or traded (other than a trade-in allowance granted by a dealer), and any assumption of a debt or liability of the seller. Also enter the date the vehicle entered New York State.
- Enter the name of the state to which the sales tax was paid.

Line 1 – Enter the amount subject to New York State sales tax. This amount is either the purchase price entered above or, if the vehicle was used outside New York State for more than six months before it was brought into the state, the fair market value, whichever is lower. Fair market value is generally determined from values established by private companies.

For boats and boat/trailer combinations purchased or used on or after June 1, 2015, the amount eligible for credit cannot exceed \$230,000, regardless of the purchase price of the boat or trailer. See TSB-M-15(2)S, *Change to the Application of Sales and Use Tax on Vessels*.

Line 2 – The applicable local rate of tax on the purchase or use of a qualifying vehicle or vessel is the rate of tax for the locality in which the purchaser is a resident. If the purchaser is a resident of more than one locality within the state, the applicable local tax rate is the rate of tax for that locality where the purchaser is a resident and the qualifying vehicle or vessel is principally used or garaged. Refer to Publication 718, *New York State Sales and Use Tax Rates by Jurisdiction*, for a listing of current combined state and local tax rates.

Line 5 – Enter the tax rate eligible for credit. Use the charts below to determine the correct rate of tax eligible for credit for the state where you made the purchase, based on the type of vehicle you purchased. The maximum rate eligible for credit cannot be higher than the rate of tax imposed within your jurisdiction of residence (see line 2 on the front). If you made your purchase in a state listed under *Special rules* in the charts below, be sure to calculate the allowable credit exactly as explained.

Any excess reciprocal credit cannot be refunded or used to offset any other sales or use tax liabilities. For more information regarding reciprocal credits, see Tax Bulletin ST-765 (TB-ST-765), *Reciprocal Credit for Sales or Use Taxes Paid to Other Taxing Jurisdictions*.
