

Law 63A

Law 63A3 separates the timing of the establishment of a revoke for the claiming side from that of the non-claiming side (new Law 63A4). Now a revoke by the non-claiming side is not established until agreement is reached (with no further objection) and that side calls on a subsequent board or the round ends.

If a defender revokes and declarer then claims, whereupon a defender disputes the claim so that there is no agreement, the revoke has not been established. The Director must allow correction of the revoke and then determine the claim as equitably as possible, adjudicating any doubtful point against the revoker
