

Golden Package Photo Album

Your package comes with a beautiful black photo album that holds up to 20 pages with each page holding up to 15 photos. The first page will be seen from the window on the cover and each page can have any text you desire. We have three page designs to choose from, perfect for any themed wedding. The following will help you and us to put together your wonderful day in a memorable album.

Step One:

Choose your page design:

- Always and Forever

Each page is a gray themed with a slight different design on each page. Perfect for a rustic/western themed wedding.

- Wedding Elegance

Each page is a peach, tan, or beige color with slightly different designs on each page. Perfect for a rustic or soft wedding.

- Classic

Each page is black with different white scrolls on each, perfect for that traditional bold wedding.

Step Two:

Choose your pictures. This is a very hard step for most. Don't worry you are allowed up to 15 pictures per page, with the exception of the first page. Keep in mind that the more pictures per page the smaller the pictures will have to be in order to accommodate all other pictures. To label the picture just simply put the file name of the picture (i.e. `img_1234.jpg`) under the page you would like it on. Hint: most albums are done in order of events.
