Tucson, az 85757

⚠ Alkali-Sensitive: Colors that are more likely to fade early when used on highly alkaline surfaces, such as new masonry.

Ⓜ Interior Use Only: Colors with a low resistance to the sun's ultraviolet (UV) rays, causing them to fade.

ⓁH Low Hide: Colors that are more transparent and may require multiple coats.

Important Disclaimer: Colors presented in this document are provided for general color information and illustration purposes only. Because of the differences in computer monitors, printers, other hardware and software combinations, the depicted results are intended to be used as approximations of color and not as definitive representations, and should not be relied upon or used as such.

Dunn-Edwards cannot guarantee you will achieve desired results without verifying an actual paint sample of your actual color selection. For specific advice regarding your project, we recommend that you visit your local Dunn-Edwards store. To find a store in your area, please visit the Dunn-Edwards website at <http://www.dunnedwards.com>.
