(Coming in Spring)

There are 59 "one another" statements in the New Testament that are direct commands. Together, they define God's desire for His people - how He wants us to interact in relationship with each other.

The timeless message of Scripture calls us back to being the "body of Christ" - an interconnected amalgamation of diverse individuals living in community with each other. Over the course of this Bible study we will look at every "One Another" command in the Bible, and hopefully move closer to being the community God desires and Christ is praying for us to be.
