

The Level 1 Personal Chamber Consists of:

Four 3" True Crystal Spheres loaded with Tachyon Energy

To set the energetic base, your chamber is equipped with four 3" True Crystal Spheres loaded with Tachyon Energy. The spherical nature of these crystals emanate energy 350 degrees so when placed around the body, the entire area becomes charged with Tachyon. Place in the Metatron Cube formation.

TACHYON GENERATOR BOTTOM MATWRAP

Our Tachyon Generator Bottom MatWrap is designed to continually emit Tachyon Energy. This washable mat is comfortable and possesses such incredible Tachyon that when you are sandwiched between the Bottom Tachyon Generator Mat and the Top Generator MatWrap, you will be blissed out in the phenomenal energy field that ignites. With a quilted backing and elastic straps for steady placement on a recliner, this chamber in a bag is unmatched in quality and energy.

TACHYON GENERATOR TOP MATWRAP

Our newest technology has produced a slimmer, softer, and incredibly powerful MatWrap with a special geometrically designed Tachyon Power Top MatWrap. Tachyon Matwrap = Energy on the go! Place this soft MatWrap over you while laying on the Bottom Tachyon Generator MatWrap and experience the surge of energy. Other uses: Place underneath your sheets on a bed or over a recliner, car seat or anytime you want a nice field of Tachyon Energy around you. What an experience!

Completely washable, you'll find that these Matwraps will become part of your every day.

TACHYON MEDITATION EYE MASK

Our top Meditation Eye Mask includes soft memory foam washable outer cover with double Tachyon Eye Discs (4 in all) over the eye area. This directs the Tachyon into the pineal gland for greater spiritual activation and flows directly to the brain.

TACHYON POWER DISC

Our Power Disc is so portable and can be used in many different ways. For the Chamber, it is requested to place this over your 3rd eye (in the middle of the forehead) for greater meditation functioning to active your 3rd eye and visuals. Just tuck it underneath the Meditation Mask.

TACHYON MEDITATION POCKET/HAND CELLS

Perfect for so many uses, the Meditation Pocket or Hand Cells make it easy for those who have trouble holding the Power Rods in their hands, to hold and maintain the Tachyon energy steadily through meditation, a Tachyon Session, or to place over body parts for assisting in pain reduction. These are great for your pockets or inside the bra.

TACHYON POWER RODS

These handheld Power Rods are pulsing with Tachyon. This is our most powerful Tachyon product. Within moments of holding these powerful rods, you begin to feel Tachyon pulsing through your whole body.

TACHYON WRAP

Great feeling Tachyon you can wrap up in or sleep with. The personal Chamber includes 2 scarves for wrapping legs, arms, shoulders and back. Try wrapping up in these for your meditations and feel the acceleration. This wrap is extremely helpful with injuries, initiating peace and relaxation.

Put one over the seat in a car for driving with Tachyon peaceful energy. Place over office chair or computer screen to assist in EMF harmonization. All scarves measure approximately 28"X70". All are machine washable.

TACHYON SPRAY

Spray all around your space to change the energy of a room or to enhance your Personal Tachyon Chamber experience. Highly tachyonized, this spray has a soft scent of lovely lime.
